"Who spoke in Parables, I dare not say; But sure, he knew it was a pleasing way."

Sound Sense, by plain Example, to convey."

He does not choose, Now disapproves, But does not clarify his views— Oh, well, it's darned good for the news."

The people of Washington—and they weren't as well off then as they are now by a long shot—raised \$50,000 in ten days, back in 1889, for the Johnstown sufferers. The Post joins the Red Cross in an appeal for \$25,000 for the tornado sufferers of our own town. Too bad they don't live in Mongolia, or something, what!

We don't know where Ruth Snyder and Judd Gray are going, but they are on their way.

There being now no use trying to draft President Coolidge by petition, that Boston committee will probably try to hire Gen. Crowder.

Steam shovel digging the Internal Revenue building foundation discovers Tiber Creek. Well, it was on the eve of an election when they filled up Washington's famous old canal, and so they just put a gang of henchmen to work and dredged it first, and a good job they seem to have made of it, for the water's still there. And yet some people would like to have us have Aldermen and things once more.

We gather from Girard, Kans., dispatches that a companionate marriage—and the town's all agog over a new kind of romance—is one in which a husband has to call up his wife and make a date to get a kiss.

Plenty of young husbands have got married before they could provide a home for two, but it's providing a home for three that's the real test of matrimony.

Mrs. Snyder can now use up a lot of tears that she didn't have on tap the night she led her lover into her sleeping husband's room.

We trust that Senator Capper's determination to outlaw war by a scrap of paper doesn't get him involved in a copyright suit with Senator Borah.

What Gov. Lowden can't understand is why someone doesn't start one of those petition movements for him.

Some of those ambitious Republican leaders up at the Capitol appear to have got cold feet from standing in a draft.

This seems to be good, snappy political weather and gentlemen who lately tossed their hats in the ring are said to be getting ready to put their lids back on their bald spots.

Let us hope that the poor folk out Northeast who haven't got any fronts or roofs to their houses will have something from the Red Cross to be thankful for tomorrow.

"Will you subscribe something for the tornado victims?"

"Certainly, sir. Here's my check for \$100. Where did it happen—Patagonia?"

"Nope; happened out Northeast."

"What! Gimme back that check."

It took the people of the District of Columbia more than 80 years to get rid of toll bridges, and the proposal to have a new Chain Bridge built by private capital doesn't strike a responsive note. Who remembers when the old Toll Gate used to be in operation—and where it was?

For Johnstown, \$50,000; for Washington, \$101! Hop to that checkbook.

The Ways and Means committee sees the surplus and raises the tax cut \$10,000,000.

Who will join the movement to get up a petition:

To ask the next-door neighbor to turn off his radio when he opens his window?

To prevent the parking hog from monopolizing the space in front of your house all day so that when you come home in a taxi you have to get out at the corner of the street?

What this country needs is more petitions.

Capt. Giles on his way to Hawaii turns turtle in an air pocket and loses everything but his presence of mind.

Smithsonian scientist locates Robinson Crusoe's island off the coast of Chile, but as we recall it De Foe located it in the mouth of the "great river Orinoco"—but still, what's De Foe to a scientist?

Harry Thaw walks into his old familiar front page via Evelyn Nesbit's night club. Strangely reminiscent.

AIR POCKETS DRIVE GILES BACK; PLANE UPSETS OVER OCEAN

Hawaiian Flier Loses His Maps, Flares, and Food, but Rights Aero.

CONTROL IS REGAINED 500 MILES AT SEA

Never Expected to Return, Flier Says After Landing in California.

Los Angeles, Calif., Nov. 22 (A.P.).—Capt. Frederick A. Giles, British war ace, who set out today from San Francisco for Hawaii in a transpacific flight to Australia, informed the Examiner by telephone tonight that he had been forced back after traveling 500 miles to sea and had landed near the William Randolph Hearst ranch at San Simeon, Calif.

Utterly beyond control, his little transpacific biplane went completely "haywire" 500 miles out to sea—went spinning into a rain-drenched "air pocket," and finally turned completely upside down, scattering his charts, his flares, and his instruments into the ocean below, Giles said.

And then, in a magnificent exhibition of airmanship, Capt. Giles turned his damaged plane right-side up again, making a wild guess as to direction, and sent her roaring back to the mainland, to make a perfect and safe landing a mile south of the Hearst ranch at San Simeon, 50 miles from San Luis Obispo.

Bracing Wires Snap. "I never expected to make it," he said over the telephone from the Hearst ranch tonight. "My center section bracing wires had snapped; I had dumped my main gas tanks to lighten the strain on the broken plane, and the chances were just about zero. But luck stayed with me—I hit the coast about 60 miles north of where I landed, and had to keep my ship in the air for all that distance before I finally found a landing place at San Simeon."

He stopped for breath. Even over the phone, one could catch the tremor of nervousness that still remained in that voice after that test—perhaps one of the most terrifying experiences any aviator has ever undergone.

"Well, what are you going to do," he was asked then. And, like a flash—"Why, I'm going to try again," he

Human Heart Action Is Shown in Movies

New York, Nov. 22 (A.P.).—Motion pictures of the human heart in action were brought here today by Prof. Franz Groedel, German heart specialist, who arrived on the liner Maestri.

The pictures, taken with the aid of the X-ray, will be shown at the meeting of the Radiological Society of America in New Orleans next week, Prof. Groedel said. The specialist is personal physician to President von Hindenburg of Germany.

Chang to Proclaim Empire, Tokyo Hears

(Special Cable Dispatch.) Tokyo, Nov. 22.—Telegrams from Peking describe Marshal Chang Tso-lin, the Manchurian war lord, as actively preparing to proclaim himself emperor. He has ordered coronation robes from Soochow, China's best silk center. He has decided to rename his empire the "Great Wide State," and his era the "Military Mountain Era."

ACTRESS TURNS BACK ON HOP TO AMERICA

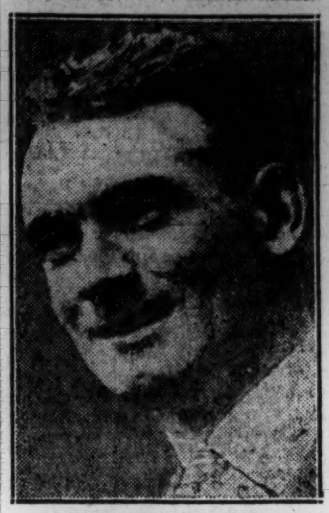

Lilli Dillenz, in Junkers Aero, Flies From Horta; Plane Is Towed to Port.

Horta, Island of Fayal, Azores, Nov. 22 (A.P.).—After what appeared to be a favorable start this evening on its long delayed transatlantic flight from the Azores to Newfoundland, the Junkers plane D-1230 came back to port a few hours later. She was in tow, and while no exact details of her misadventure are yet available, it is supposed that her heavy weight did not permit of the continuance of the flight.

In addition to the crew, Lilli Dillenz, the Austrian actress, was aboard. She had flown in the plane from Norderny, October 4, and was resolved to finish the overseas journey from Germany to the United States, no matter how it ended.

MRS. SNYDER IN TEARS AT NEW TRIAL DENIAL

Gray, Receiving Call From Mother, Hears News of Court Defeat Calmly.

GOVERNOR IS ONLY HOPE

Ossining, N. Y., Nov. 23 (A.P.).—When Henry Judd Gray and Ruth Snyder were told in the Sing Sing Prison death-house today that they had lost their last court fight for life Gray received the news with outward calm, but Mrs. Snyder burst into tears.

"Gray was receiving a call from his mother," Warden Lawes told the Associated Press, "when the news came. The head keeper told him and he just said 'Thanks,' and bowed his head."

"When Mrs. Snyder was told of the court's action she asked what it meant. Told that it meant that unless there was intervention she would die within six weeks, she gripped the arms of her chair convulsively and then burst into tears."

During the trial in which Gray and Mrs. Snyder were convicted of the murder of the woman's husband it was Gray who showed the greatest emotion and Mrs. Snyder who remained coldly collected.

Special to The Washington Post.

Albany, N. Y., Nov. 22.—Ruth Snyder and her little sister, salesman's widow, Henry Judd Gray, must pay with their lives the penalty for taking the life of the woman's art editor husband, Albert Snyder, beaten to death with a sash weight as he lay asleep in his home, in Queens Village, L. I., last March 20.

The seven judges of the Court of Appeals handed down this decision today. Their opinion, written by Judge Irving Lehman, of New York City, and unanimously concurred in, is as inexorable as the law of ancient Israel.

Chicago Candy Men Are Called Terrorists

Chicago, Nov. 22 (A.P.).—Forty-five officials and members of the Candy Jobbers Association of Chicago were named today in an indictment returned by the Federal grand jury before Federal Judge Adam C. Cliffe, charging them with violation of the Sherman antitrust laws.

The indictment charges that the defendants perfected their organization through terrorism, including assaults, beatings, throwing of bombs and other acts of violence against competitors.

Those named include Albert A. Hoffman, president; Henry Meisterling, vice president; and James Benda, secretary. The others are executive committeemen, former officers or operating heads of candy companies.

FIVE TREMORS FELT AT SOUTHPORT, N. C.

Panic-Stricken Families Scurry From Meals; No Damage Reported.

Southport, N. C., Nov. 22 (A.P.).—Five distinct earth shocks of moderate intensity which rattled windows and shook dishes and sent panic-stricken families scurrying from their evening meal were felt here tonight between 6:30 and 7 o'clock.

The first shock, felt at 6:30, was followed by another of greater intensity a moment later, and caused pedestrians to rush into a motion picture house and warn patrons. The third shock was felt as the theater was being vacated, and brought residents hurrying from their homes into the street. Two more tremors, felt as groups gathered to discuss the shocks, caused momentary panic.

Pilots on watch in their tower at the wharf reported that the first shocks rattled the building as if heavy freight were being unloaded on the dock.

Business, momentarily halted, was resumed after 7 o'clock. Communication was not hampered.

Father to Be Retried For Slaying of Doctor

Albany, N. Y., Nov. 22 (A.P.).—Francisco Caruso, of Brooklyn, who killed Dr. Caspar Penola because he thought the physician was responsible for the death of his child, was granted a new trial by the court of appeals today. The court reversed the conviction of the trial court.

WISE UNDER ARREST IN DEATH OF GUEST AT GAMBLING PARTY

Warrant at Martinsburg Charges Capital Man With Murder.

JURY DECIDES SKULL INJURY KILLED LIVERS

Witnesses Tell of Fist Fight That Followed Game of Cards.

Special to The Washington Post.

Martinsburg, W. Va., Nov. 22.—After a coroner's jury this afternoon found that Leo A. Livers, Martinsburg business man, had come to his death as the result of a fractured skull, Spencer Wise, Washington dairy officer, was arrested on a warrant charging him with murder.

Wise is alleged to have struck Livers with his fist in an argument that followed a card game in the Shenandoah Hotel here early Thursday morning. After being struck Livers drove from the hotel to his home, where he lapsed into unconsciousness, remaining in this state until he died a few hours later in a hospital in Baltimore.

The warrant upon which Wise was arrested was sworn to several days ago by State's Attorney Herbert A. Hannis, but it had not been served pending the outcome of the coroner's inquest. During the inquest this afternoon Wise was called to the witness stand, but, upon advice of his lawyer, declined to testify on the ground that a warrant for his arrest had been issued.

Released on \$5,000 Bond.

Immediately following the inquest, although no one was named in the jury's verdict, Wise was taken into custody on the warrant. Bond was set at \$5,000 and was furnished within a short time, whereupon Wise was released pending the action of the grand jury, which will launch a probe into the death of Livers.

The tragic story of the events of last Wednesday night and Thursday morning was related to the coroner's jury by Mrs. Elizabeth Livers, widow of the dead man, and Clyde E. Smith and Walter Fitzsimmons, the other two participants in the game.

Smith and Fitzsimmons told of the organization of the game late Wednesday night, and of a fight between Wise and Livers in the corridor of the hotel about 3 o'clock Thursday morning. Mrs. Livers told of finding her husband in the bedroom shortly after his return to their home.

Both Smith and Fitzsimmons testified that they saw Livers and Wise grappling on the floor when they joined them a few minutes after the game. Dr. H. G. Tonkin, this city, who was

Justice Siddons Orders Six to Show Cause December 5. Juror E. J. Kidwell Also Must Make Answer. District Attorney Files Petition.

(Associated Press.)

Harry F. Sinclair, William J. Burns and five other principals in the oil trial jury scandal ran afoul of the law anew yesterday with the filing of criminal contempt proceedings against them in the District of Columbia Supreme Court.

A rule was issued requiring them to appear before Associate Justice Frederick L. Siddons on December 5 to show cause why they should not be punished for their part in the surveillance of the Fall-Sinclair Teapot Dome jury, which has been under investigation by a grand jury for three weeks.

In paying for the order, District Attorney Peyton Gordon charged, on behalf of the United States of America, that the purpose of bringing the Burns defendants to Washington was "to spy upon, to bribe, intimidate and influence" the trial jurors, and "to do anything calculated" to "impede, pervert and prevent the due administration of justice" either by corruptly influencing the jurors or by "concocting false charges" against one or more of them, with a view to bringing about a miscarriage.

Besides the wealthy oil operator and the internationally known detective, those named in the petition are Henry Mason Day, of New York City, and Sheld-

TRANBY CROFT SCANDAL IS RECALLED BY DEATH

Mrs. Wilson, Hostess to Late King Edward, then Prince, Dies at Age of 84.

CHEATING CHARGE AIRED

(Special Cable Dispatch.)

London, Nov. 22.—The death in her London residence this afternoon of Mrs. Arthur Wilson, of Tranby Croft, Yorkshire, at the age of 84 recalls the famous Tranby Croft baccarat scandal in 1891 which led to a lawsuit in which King Edward, then the Prince of Wales, gave evidence in court.

Mrs. Wilson was hostess at a party when one of the players was accused of cheating at the table at which the prince was playing. Mr. Wilson believed he had detected a guest, Sir William Gordon Cumming, cheating and informed the prince, who, after investigation, reluctantly concluded that the charge was well founded.

The prince, together with other notable guests, drew up and signed an account of the affair, which Sir William, who was a lieutenant colonel in the Scots Guards, also was induced to sign. He undertook never to play cards again. Later Sir William explained that he signed the paper only as an admission that the charge had been made against him and not as an admission of his guilt.

Eventually the story leaked out and Sir William brought action for slander against Mr. and Mrs. Wilson and other members of the party. The case was most sensational, the climax being reached when the prince, who was present, testified that he was present.

Irish Woman Keeping Her 107th Birthday

Dundalk, County Louth, Ireland, Nov. 22 (A.P.).—Miss Katherine Plunket, of Ballymacanahan House, Louth, ordered the best turkey about the place to be killed for the celebration of her 107th birthday today.

Miss Plunket is the descendant of a distinguished family. Her grandfather, William Conyngham Plunket, was created the first Baron Plunket just 100 years ago. Her father, who succeeded to the peerage, became Bishop of Tuam, County Galway. He left five daughters, of whom Miss Plunket is the sole survivor.

Miss Plunket has lived during the reigns of five British sovereigns, and during her lifetime there have been five holders of the title of Baron Plunket.

NICARAGUAN BANDITS KILLED BY MARINES

Americans and Native Patrol Suffer No Casualties in Outlaw Clash.

Managua, Nicaragua, Nov. 22 (A.P.).—A joint combat patrol of United States Marines and National Guards under Lieut. H. Satterfield engaged a group of bandits yesterday afternoon 6 miles northeast of Telapana. Three of the bandits were killed. There were no casualties among the Marines or Guards.

Patrols are sent out daily from Occotal, but apart from minor engagements and skirmishes there has been no fighting near the Honduran border, according to information received by Col. Louis M. Gulick, in command of the Marines. Some malcontents from Honduras cross the border occasionally to join the forces of the rebel Gen. Sandino, but the frontier is being watched closely to prevent this as far as possible.

15 Sailors Rescued After Day on Wreck

London, Nov. 22 (A.P.).—Fifteen men who had clung to the wreckage of the Dutch tanker Georgia since yesterday were snatched from death in the raging North Sea tonight by a lifeboat from the coastal town of Cromer.

The Georgia, beaten by violent seas, broke in two yesterday. Fifteen of the crew were rescued by a steamer, but fifteen others remained on the forepart of the ship, which was grounded on the Haisboro sands throughout the day.

PRESIDENT OPPOSED TO PETITIONS URGING HE BE RENOMINATED

Represented as Seeing No Good in Latest "Draft" Move.

DEFINITE STATEMENT OF WISHES DESIRED

Leaders Hope His "Choose" Remark Will Be Amplified for Committee.

By CARLISE BARGERON.

President Coolidge let it be known yesterday that he did not approve of the circulation of petitions asking him to run again and that he hoped they would be discontinued. He can not see that any good can come from them.

His opinion became public in the course of the regular biweekly conference for newspaper men. One of them subsequently sought permission to attribute a direct statement to the President and was most emphatically rebuffed.

It is recalled that sometimes, when the President's attitude is made known at a press conference, permission is subsequently given to attribute direct quotations to him. Once upon a time, out in the Black Hills, it was made known that the President liked them and permission was sought and granted to quote him directly. As a result, the story went around the country that the President said, "I like the Black Hills," or words to that effect.

The reaction to yesterday's development was to accentuate the discussion which has been going on, especially at the Capitol, where senators, some of them with presidential aspirations, are gathering in increasing numbers for the beginning of Congress next month. So far as can be learned, the President's disapproval of the petitions did not change an opinion. Those observers who insist the President is out of the race, that he would not accept a "draft," continued to insist that way. And those who contend he will accept a call from the party still argued that he would do so.

Agree With President.

Among the latter, there was a willingness to agree with the President that no good can come from petitions. It was pointed out that the only "petitions" which ever mean anything are those that are passed around the office calling for a donation to this cause or that. The national convention and

7 More Years Voted For Calles-Oregon

Mexico City, Nov. 22 (A.P.).—At least seven years more of the Calles-Oregon regime seems to be the political prospect as a result of the passing by the chamber of deputies today of a measure extending the presidential term from four to six years.

State legislators must approve the six-year extension before it becomes effective, and Oregon must be elected next year to succeed Calles if the regime is to be prolonged, but the expectation is that the legislature and Oregon is the only candidate in the field.

Wheeling, W. Va., Nov. 22 (A.P.).—M. R. Daugherty, 35, legless and one-armed aviator of New Martinsville, W. Va., tonight announced four "influential" residents of that city had signed an agreement to finance Daugherty's proposed nonstop transatlantic flight next summer.

Under the agreement as announced by the flier, the backers will provide him with a plane and a competent navigator.

Neither the point of departure nor the European destination has been decided upon, the flier said. Daugherty was maimed in a railroad accident several years ago, and operates his plane by special controls.

HOUSE COMMITTEE VOTES \$235,000,000 CUT IN TAX RATES

Corporation Levy Fixed at 1½ Per Cent; Auto Sales at 1½.

MELLON PROPOSALS ENTIRELY IGNORED

Exemption on Admissions Is Raised to \$1; Stock Transfer Rate Doubled.

(Associated Press.)

Disposing in rapid order of all major issues entering into the question of tax reduction, the House ways and means committee yesterday approved a program calling for a total cut of \$235,820,000 in revenue rates.

The program is expected to be whipped into bill form immediately so that reading of the measure may be started before the week-end for possible changes in its provisions.

While the committee, according to its own computations, kept well within the \$250,000,000 maximum reduction set by itself, it exceeded by slightly more than \$10,000,000 the figure proposed by the Treasury. It also refused to adhere to any of the major recommendations submitted by the department.

Chairman Green explained that the committee, in placing the total prospective cut at nearly \$236,000,000, had used its own figures, and that if certain estimates submitted by Undersecretary Mills of the Treasury had been taken for a basis, the total reduction would approximate \$249,000,000.

Corporation Rate Cut.

At the outset of its session yesterday the committee, by a vote of 23 to 1, approved reduction of the tax rate on corporation incomes from 13½ to 11½ per

MAKING PACTS FOR
OUTLAWING OF WAR

Kansas Senator Would Have
Negotiations With France
and Other Nations.

RESOLUTION IS DRAFTED
TO OFFER IN CONGRESS

Provides That Signatories
Would Withdraw Aid From
Aggressor Countries.

(Associated Press.)
A resolution which would request
President Coolidge to enter negotiations
with France and "like-minded nations"
for treaties outlawing war has been pre-
pared by Senator Capper (Republican),
Kansas for submission to the next
Congress.

Mr. Capper, who is a member of the
Senate foreign relations committee,
proposes also that the treaties should
provide that the signatory governments
were not to give "aid and comfort" to
aggressor nations in warfare.

In the preamble of his resolution, the
text of which was made public today,
Mr. Capper recalls the willingness ex-
pressed last April by Foreign Minister
Briand, of France, to negotiate a treaty
with the United States to outlaw war
and calls attention that the present
arbitration treaty between France and
the United States expires next Febru-
ary.

Peaceful Settlements Proposed.
The main body of his proposal, which
would require approval by both the
House and Senate and go to the Presi-
dent for his signature, reads:

"I. By treaty with France and other
like-minded nations formally to re-
nounce war as an instrument of pub-
lic policy and to adjust and settle its
international disputes by mediation, ar-
bitration and conciliation; and

"II. By formal declaration to accept
the definition of aggressor nations as
one which having agreed to submit in-
ternational differences to conciliation,
arbitration or judicial settlement, be-
gins hostilities without having done so;

"III. By treaty with France and other
like-minded nations to declare that the
nations of the contracting govern-
ments should not be protected by their
governments in giving aid and comfort
to an aggressor nation; and

"Be it further resolved that the Presi-
dent be requested to enter into ne-
gotiations with France and other like-
minded nations for the purpose of con-
cluding treaties with such nations in
furtherance of the declared policy of
the United States."

Would Follow Words With Acts.
Recalling the expressions of both the
United States Government and France
in favor of arbitration as a means of
settling disputes, the Kansas senator
declared in a statement that "it is time
the United States, as the world's most
powerful, secure and peace nation,
should follow words with acts."

"Nothing further is to be gained," he
added, "by repeating pious platitudes
by uttering high-sounding moral gen-
eralities, or by professing to be devoted
to international peace and opposed to
war. We are under the necessity of do-
ing something constructive to give ex-
pression to what is obviously over-
whelming public sentiment in the
United States relative to the discon-
tinuance of war and preparations for war."

Senator Capper pointed out that the
present arbitration treaties with Great
Britain and Japan, as well as that with
France, expire next February.

To Avoid Engine
Repair Bills

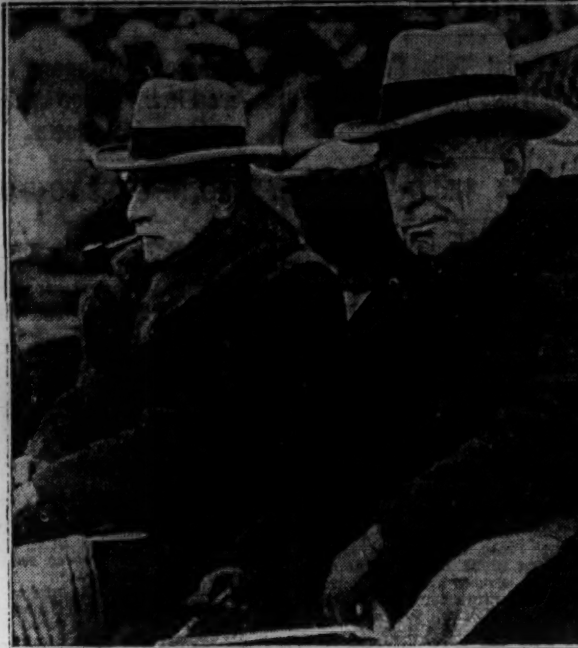

MANY times expensive en-
gine repair bills are incurred
and it is afterwards found that
all that was needed was a new

UNION HEADS CONTINUE
FIGHT FOR COAL PARLEY

Coolidge Held Convinced That
Industry Is Undergoing In-
evitable Readjustment.

LEWIS SEES J. J. DAVIS

(Associated Press.)

Efforts on the part of labor chiefs to
get the Federal Government to take a
hand in the Pennsylvania, West Vir-
ginia and Ohio coal mining suspen-
sion continued yesterday, although the
White House represented President Coolidge
as being convinced the bituminous in-
dustry is undergoing an inevitable re-
adjustment.

John L. Lewis, president of the United
Mine Workers, was in conference with
Secretary of Labor Davis a good part
of the day, pressing further the pro-
posals that William Green, head of the
American Federation of Labor, advanced
Monday to President Coolidge. These
would entail the calling of a conference
in Washington between Pennsylvania
bituminous operators and miners' union
spokesmen, and the institution of a
congressional investigation into the
mining tie-up in northern territory.

President Coolidge's view, after his
talk with the union men, was said to
be that he saw no direct answer to the
problem of restoring peace and produc-
tion. He hoped the Labor Department
might be of some assistance and would
look for its suggestion and cooperation.
The President has been told some of
the Northern operators. If they succeed
to the demands of the miners, would
be able to buy coal more cheaply than
they could produce it, and considers
that if such cost conditions prevail,
there will be nothing possible for all
concerned but to await the normal
economic termination.

COOLIDGE OPPOSES PETITIONS
URGING HIS RENOMINATION

CONTINUED FROM PAGE 1.

not petitions, it was explained, will do
the drafting, if it is done.

Now, those who think the President
is absolutely through with his high
office pointed out that he did not have
to make known his attitude on the
petitions at all. It was argued by those
persons that just such incidents as
this, if such cost conditions prevail,
will work against draft movements in
so far as the public mind is con-
cerned.

But at this point the mind of the
observer wanders back to that group
at the meeting of national committeemen
here several weeks ago revolving
around the President's friend, Senator
Butler, of Massachusetts. It was and
presumably still is the plan of the group
to push quietly on a draft movement
around the President's friend, Senator
Butler, of Massachusetts. It was and
presumably still is the plan of the group
to push quietly on a draft movement
around the President's friend, Senator
Butler, of Massachusetts.

There was one thing on which all
sides of the question agreed yesterday,
and that was that regardless of Mr.
Coolidge's intentions he is "certainly
keeping the record clean." That is, he
is in no way publicly courting the draft.
In no public utterance or any other
kind, so far as known, has he indi-
cated anything but that he would pre-
fer to retire. He has given not the least
public inkling save his refusal to

amplify his "choose" statement, that
should give encouragement to the draft
movement.

Attitude Causing Discussion.

At the Capitol, among the returning
senators and representatives the un-
certainty is getting rather acute. On a
day passes but there are discussions
and conferences on just what the Presi-
dent will do. The hope is entertained
that if such cost conditions prevail,
definite word will be forthcoming by
the time the national committee meets
here next month. The committee
should make the decision, it is con-
sidered, in order that it can intelli-
gently select a convention city. Can-
didates have quite a deal of bearing on
the selection of the city.

One thing is manifest and that is
that no avowed candidate or aspirant
is making material progress in the pres-
ent state of affairs.

There is little doubt but that the
positions of Secretary Hoover and Sen-
ator Curtis are becoming embarrassing.
There have been published reports
which elicited no comment one way or
the other from the Commerce Secretary
that he and Charles Evans Hughes have
agreed that neither could get anywhere
with Mr. Coolidge being so widely ac-
cepted as still in the race and that
they have both decided to go along
with the "draft" movement.

Curtis' Position Considered.

Senator Curtis, of Kansas, finds him-
self in the anomalous position of being
the party leader in the Senate and yet
opposed to the President. When the
senator made his announcement of
candidacy just after taking a ride on
the Mayflower with the President there
was the fair assumption that he had
definitely determined that Mr. Coolidge
was out of the race. The indications
are now that he knows no more about
what the President intends to do than
any one else.

Senator Watson, of Indiana, is one
of the leaders of the old guard. He
assumed Mr. Coolidge had eliminated
himself and made known that he
would support the President. Now there
is reason to believe the senator is not so
certain about Mr. Coolidge's elimi-
nation. It also has been reported that
he would support the Indiana presi-
dential primary. Representative Will R. Wood
of his State, and a party influence of
no mean ability, belongs to the draft
group. And to make things worse from
the senator's viewpoint a Lowden boom
is getting active in his State. It is
a real, plenty to cause worry to such
a seasoned general as the senator.

There are other senators who a few
weeks ago assumed that the President
was out of the race and who have
changed their opinions within the last
week or so. Senator Borah, of Idaho,
until recently made light of draft talk,
but after his recent visit to New York
he is willing to admit that a powerful
draft movement is on.

He looks upon Senator Butler as the
moving spirit, the head and center of
the movement.

Democratic Women
Fight Donkey Emblem

Philadelphia, Nov. 22 (A.P.).—A
movement was started by the Women's
Democratic Club today to abolish the
donkey as the national emblem of the
Democratic party and to adopt in its
stead the American eagle.

A resolution, adopted unanimously,
demanded the abandonment of the
"unfriendly donkey," as it does not stand
for the virtues of the organization.

Copies of the resolution are to be
sent to Democratic clubs throughout
the country for endorsement.

300 INSPECT PLANT
OF POWER COMPANY

Guests of Potomac Electric
Impressed by Equipment
at Benning.

Three hundred public officials and
prominent citizens were guests yester-
day of the Potomac Electric Power Co.
at a luncheon and inspection of that
corporation's new \$3,000,000 installation
of machinery at its Benning plant.

Visitors declared themselves impressed
not only with the size and described
potentiality of the equipment, but with
its efficiency in point of safety devices
and utilization of waste.

Powerful switches controlling high-
voltage lines, heretofore operated at
great danger to workmen, are thrown
from an electric switchboard on the
floor above the switches themselves.

There are oil filters to clean oil and use
it over again, condensers to convert
spent steam back into water, and water
coolers to use water for cooling motors
more than once. The new installation
comprises a 30,000 kilowatt, 60-cycle
turbine generator with improved boiler,
piping and auxiliary apparatus de-
signed to permit higher operating pres-
sures than heretofore used in the plant.

William F. Ham, president, and
Charles J. Bell, chairman of the board
of directors of the company, received
guests. Engineers in the company's
employ, directed by Lindsey E. Sinclair,
general superintendent, acted as guides.

The net increase of rate levels that
might be required would be about 18
per cent, he said, adding:

"Enlightened and interested might pre-
vent railroads from putting such rates
into effect."

Railroad arguments have denied that
18 per cent general increase would
be justified if their contention was
allowed, and that an average increase
of between 6 and 8 per cent would be
sufficient. The Fisher brief challenged
the correctness of the calculations and
devoted much space to attacking the
method of valuation the railroads have
proposed.

The United States, through the De-
partment of Justice, also has filed a
brief in the case at St. Louis, chal-
lenging the right of the courts to re-
view Interstate Commerce Commission
valuations.

The announcement came from the
bench after counsel for the railroad
Government's contention, made in its
brief, that the case involved issues
similar to those decided in the Los
Angeles valuation case, was being
commission's valuation was upheld.

In holding that Government counsel
need not present an argument, the
court indicated that on an early
opinion day it would reverse the lower
court in which the railroad won.

Oklahoma Governor
Fights Extra Session

Oklahoma City, Nov. 22 (A.P.).—Gov.
Henry S. Johnston, Democrat, indicated
today he would not accede to a request
of a group of Democrat legislators that
he call a special session of the Okla-
homa House of Representatives for the
purpose of investigating the conduct
of various State departments.

The written request presented to him
yesterday signed by four House members
did not contain grounds for issuing
a call, he said.

Meanwhile, Representative Robert C.
Graham, Oklahoma City, announced
that notice of a special session to con-
vene December 6 was being mailed to
House members. More than a majority
of the membership had signed the call
and the House would meet of its own
inherent right, he said.

Senator George H. Moses, of New
Hampshire, would be a wise choice for
Vice President under Mr. Hoover, in
the opinion of Mr. Gould.

TOTALS IN RAILROAD
VALUATIONS DIFFER
BY \$11,000,000,000

Estimates of Carriers Given

BRIEFS IN O'FALLON
CASE SHOW SPREAD

Commission Counsel Argues
Higher Figure Might Cause
18 Per Cent Rate Increase.

(Associated Press.)
A difference of \$11,000,000,000 now
exists between the total the Govern-
ment is willing to allow for the valua-
tion of the country's interstate railroad
property and the higher figure that
owning corporations attach to the same
transportation machine.

Briefs which have been filed by Wal-
ter L. Fisher, special counsel for the
Interstate Commerce Commission, and
P. J. Farrell, the commission's own chief
law officer, with the Federal District
Court at St. Louis, where the first test
case on the subject is awaiting con-
clusion, yesterday revealed the extent
of the discrepancy and outlined some
of the results anticipated.

A possibility of a general increase in
railroad rates amounting to as much as
18 per cent, should the courts uphold
the railroad contention, was foreseen
by Mr. Fisher. Even if railroads find it
indivisible or impossible to collect the
full high level of rates such a high
value would allow, his brief said, should
the courts grant the railroad con-
tention, "the railroads would deter-
mine themselves what the general
rate structure should be and the Inter-
state Commerce Commission would
cease to function in rate making."

1914 Prices Used as Basis.

The Fisher brief was the last con-
tribution on the part of the Govern-
ment toward decision in the St. Louis
& O'Fallon Railroad valuation contest,
now pending in the St. Louis court.
In the proceeding the Interstate Com-
merce Commission laid down the prin-
ciple that costs, prices and wages as of
the 1914 level should largely govern the
total valuation fixed upon railroad
property.

By agreement the O'Fallon situation
was taken up by railroads generally as
a vehicle through which to bring the
question up for final court adjudica-
tion, and in its trial, the carriers relied
in arguing that the costs of reproduc-
tion, the actual value of railroad in-
stallations and other considerations
rather than 1914 price levels should
determine the total fixed.

When the situation is once deter-
mined, the Interstate Commerce Com-
mission is required by law to allow rail-
roads to earn a reasonable return on
the total fixed, and further, to collect
one-half of the excess over 6 per cent
which any railroad may earn annually
upon its valuation.

It is not necessary to dwell upon the
magnitude of the financial results to
the public as well as to the railroads
which depend upon this case, the
Fisher brief said. "In 1920 the com-
missioner, using substantially the method
of valuation it has been following in
the O'Fallon case, estimated the value
of all the interstate railroads for rate-
making purposes at \$18,900,000,000.

If the contentions of the petitioners (the
railroads) are accepted, the \$18,900,000,
000 must therefore be increased approxi-
mately 60 per cent or over \$11,000,000,
000, in order to ascertain the rate base
upon which rates must produce 6 per
cent, or a fair return."

Rate Increase Estimated.
The net increase of rate levels that
might be required would be about 18
per cent, he said, adding:

"Enlightened and interested might pre-
vent railroads from putting such rates
into effect."

Railroad arguments have denied that
18 per cent general increase would
be justified if their contention was
allowed, and that an average increase
of between 6 and 8 per cent would be
sufficient. The Fisher brief challenged
the correctness of the calculations and
devoted much space to attacking the
method of valuation the railroads have
proposed.

The United States, through the De-
partment of Justice, also has filed a
brief in the case at St. Louis, chal-
lenging the right of the courts to re-
view Interstate Commerce Commission
valuations.

The announcement came from the
bench after counsel for the railroad
Government's contention, made in its
brief, that the case involved issues
similar to those decided in the Los
Angeles valuation case, was being
commission's valuation was upheld.

Supreme Court Checks
Rail Valuation Case

(Associated Press.)
Action which customarily indicates
dismissal of a case was taken by the
Supreme Court yesterday when it de-
cided it would be unnecessary for
Government counsel to present their
argument in the proceedings of the
Kansas City Southern Railroad attack-
ing the Interstate Commerce Commis-
sion valuation of its property.

The announcement came from the
bench after counsel for the railroad
Government's contention, made in its
brief, that the case involved issues
similar to those decided in the Los

Maine Senator Wants
Hoover as Candidate

Portland, Me., Nov. 22 (A.P.).—Sen-
ator Arthur R. Gould, here today en
route to his home in Presque Isle from
a month's trip to California, expressed
the belief that Secretary Herbert Hoover
should be the Republican nominee for
President in the event Mr. Coolidge re-
fuses to be a candidate. He said there
is a strong sentiment in the West for
Mr. Hoover.

Senator George H. Moses, of New
Hampshire, would be a wise choice for
Vice President under Mr. Hoover, in
the opinion of Mr. Gould.

South Dakota Backing
Of Lowden Is Found

Chicago, Nov. 22 (A.P.).—W. E. Mulli-
gan, of Aberdeen, S. Dak., a Republican
national committeeman, today indi-
cated that the candidacy of former
Gov. Frank O. Lowden for the Repub-
lican presidential nomination would
find considerable support in South Da-
kota.

His statement follows: "I believe
that Frank O. Lowden, through years
of personal experience in farm opera-
tions and study of the situation, has a
comprehensive and sympathetic under-
standing of our agricultural problems
and that he well typifies the spirit of
the West as related to the other inter-
ests of the country. Beyond question a
large majority of South Dakotans will
be pleased to follow his leadership and
delegation to the national con-
vention strongly to support him."

Lowden Forces Start
Fight for Wisconsin

Milwaukee, Wis., Nov. 22 (A.P.).—An
instructed delegation to the Republican
National Convention for former Gov.
Frank O. Lowden of Illinois, which he
sought at the Wisconsin spring election,
it was announced today by State Sen-
ator John C. Schumann, of Watertown.
This declaration assured three dif-
ferent groups participating in the de-
legate fight in Wisconsin. The Repub-
lican forces headed by Senator La Fol-
lette have put a state in the field to be
unopposed, and the conservative
forces will hold a State conference De-
cember 15 to endorse candidates for
delegates at large.

COLORADO MINE FIELDS
QUIET AFTER BATTLE

Strikers Insist There Will Be
No Violence; Assail
Rockefeller, Jr.

TROOPS GUARD SHAFTS

Denver, Colo., Nov. 22 (A.P.).—The
Colorado coal fields, torn by an I. W. W.
strike for more than five weeks, were
quiet today as National Guard troops
took charge of the northern Colorado
territory, where five strikers were shot
and killed and a score wounded by
State police yesterday.

Carrying out their plans formed at
a mass meeting the night before, the
strikers staged no demonstrations of
any kind in northern Colorado today.
With the strikers remaining in their
homes, the little coal mining villages of
Erie, Lafayette and Frederick took on
a deserted look. A number of the strik-
ers wounded in yesterday's clash still
were in a serious condition today, but
no new deaths were reported.

Columbine mine, in Weld County,
where the shooting occurred yesterday,
has been made headquarters for the
National Guard troops, but three com-
panies have been sent to other mines
in the northern field.

J. C. Nesbit, one of the strike com-
mitted in the northern field, told the
Associated Press today that there abso-
lutely would be no violence.

Mr. Nesbit's statement conformed with
one made early today by David
Murray, member of committee re-
presenting the strikers. He said they
were "fighting for a principle," and
that they would not resort to violence.
Mr. Nesbit declared the men who fired on
the strikers at the Columbine mine were
"hired assassins of John D. Rockefeller,
Jr., and the anti-strike forces."

An appeal to withhold the military
and restrict State police to their "le-
gal" business, however, was made by
public peace, without prejudice to the
strikers," was telegraphed from New
York to Gov. Adams by Forrest Bailey,
director of the American Civil Liberties
Union.

None of the northern Colorado mines
attempted to operate today.

COOK CASE ARGUED
IN SUPREME COURT

Probation Issue Is Up for
Action With Appeal
From Nebraska.

(Associated Press.)

Counsel for Dr. Frederick A. Cook,
the explorer, argued in the Supreme
Court yesterday that while the Govern-
ment now insisted that the courts
could not grant probations after a
convicted person had begun serving
sentence, it had originally objected to
Cook's probation because it had been
granted by the trial court in Texas
after the close of the term at which
he was convicted.

The case of Dr. Cook, now serving a
sentence of fourteen years and nine
months at Leavenworth for using the
mails to defraud, and that of Glen
Murray, of Nebraska, who was re-
leased on probation after serving one day
of his sentence, got before the court for
argument shortly before adjournment.

Members of the court asked defend-
ant counsel whether it was contended
that the Federal courts could at any
time, while a person is serving sen-
tence, grant probations, and the reply
was in the affirmative. Arguments
will continue today.

FOUR PLANE FLIGHT OVER 5 CONTINENTS TO START IN SPRING

New York-Rio de Janeiro Hop
to Be First Adventure
of Fliers.

HOURLY BROADCASTING
OVER NETWORK LIKELY

Journey Designed to Exploit
Scandinavian Enterprise
Throughout World.

New York, Nov. 22 (A.P.)—An airplane hop from New York to Rio de Janeiro next spring is planned by the American Viking Aeronautical Association as the first step in a stupendous flight of five continents.

The association, composed of New York Scandinavians, has been incorporated for promotion of the flight, which its backers announce is designed to exploit Scandinavian enterprise throughout the world and to promote international aviation.

Construction will be started within a few days of a specially designed Belanca monoplane equipped with 425-horsepower motors. It will carry a crew of four experienced fliers, Ensign Storm Archer, pilot; Lieut. Theophilus Wessen, copilot; Ensign George O. Gjoerloff, navigator; and Ensign Julius Seeth, radio operator.

Archer, Gjoerloff and Seeth are members of the New York Naval Militia, and Wessen is a former officer of the Swedish aviation forces. All are of Scandinavian descent.

May has been set as the tentative date for the start of the flight. The projected course of the American Viking, as the airplane will be known, calls for stops in nine different countries on five continents and includes several long ocean hops.

Plan Radio Network.

From Rio de Janeiro the itinerary follows: Rio de Janeiro to Cape Town, South Africa; to Bombay, India; to Constantinople, Turkey; to Rome, Italy; to Stockholm, Sweden; to Oslo, Norway; to Copenhagen, Denmark; to New York.

A feature of the plane's equipment will be a sealed automatic signaling device, operated like an eight-day clock, which is designed for use in case of accident to notify searchers of the plane's location, even though its crew is dead and the plane at the bottom of the sea. The plane also will carry a radio sending and receiving set having a radius of 1,000 miles. Hourly reports of the plane's progress is planned. The information the backers expect to broadcast over a radio network of stations.

A preliminary airplane tour of the country to stimulate interest in the flight is announced to start December 1 from New York. Cities to be visited include Chicago, Moline, Rockford, Ill.; Omaha, Neb.; Minneapolis and a dozen other cities with large Scandinavian populations.

**Socialist Treasurer
Faces Vote Recount**

Reading, Pa., Nov. 22 (A.P.)—A recount of the entire vote cast for city treasurer loomed as a possibility tonight, after a rebuke by the official board of ballots in the First precinct of the Second Ward had cut the lead of William C. Hovetter, Socialist, over Charles Kershner, Democrat, from 36 to 28.

Hovetter, who held the lead by the narrow margin at the completion of the official count, announced Sunday that he would not accept the salary and fees of the office, which are estimated at \$30,000 a year. All money due him over \$6,000 a year, he said, he would turn back to the city.

**President Studies
Shipping Problem**

(Associated Press.) President Coolidge desires to build up the Merchant Marine so that it will adequately serve as a second line of defense as well as carrying cargoes to foreign ports, but he believes that it is useless to suggest to Congress again a direct subsidy such as was proposed during the Harding administration.

He believes that there are other avenues which may be explored, providing for indirect aid to shipping and he is having these investigated with a view toward recommendations which he will make to Congress next month.

HINDENBURG'S GRANDCHILDREN

Here are some grandchildren of President von Hindenburg of Germany, ranged down the steps from the top: Christa Maria von Pentz, Hans von Brockhausen, Victoria von Pentz, Helga and Gertrude von Hindenburg and Bernadita von Pentz.

Berlin (A.P.)—Unless Gertrude and Helga von Hindenburg, the president's grandchildren who live with him in the executive palace on Wilhelmstrasse, are presented with a baby brother, the field marshal's branch of the Hindenburg family will die out with Maj. Otto, his only son and adjutant. The president is not without male grandchildren, but for purposes of perpetuating the Hindenburg name they will not do, for they bear other names. His two eldest grandchildren, 25 and 17 years old, and their brother have the given name of von Brockhausen and are children of the president's older daughter. The fourth grandson, little Bernadita, is a son of Christian von Pentz, who married Hindenburg's youngest daughter, Anne-Marie.

SINCLAIR, BURNS AND AIDS CITED UNDER CONTEMPT RULE

CONTINUED FROM PAGE 1.

for contempt of the United States Senate as a result of his refusal to answer questions in the Senate's inquiry nearly four years ago and is at liberty on bond pending the outcome of his appeal to the higher courts.

In presenting the petition, District Attorney Gordon told Justice Sidsdons that this action was "entirely independent" of the grand jury investigation, which now has been concluded.

Whether the jury is to make a presentment is for it to decide, but if it does so the indictments may be held in abeyance until after the contempt hearing.

The contempt action supersedes the charges of conspiracy to influence the verdict of the trial jury which recently were laid against Sinclair, Day and Clark before United States Commissioner Needham C. Turnage. Clark's hearing on these charges, set down for Friday, probably will be postponed.

The contempt action by the district attorney was in line with that which Justice Sidsdons initiated last week with the appointment of a special committee of three to determine whether there was just cause for contempt proceedings. Gordon was named a member of that committee, but declined to serve with the result that some tart letters were exchanged between him and Justice Sidsdons.

Use of Detectives Cited. In the Government's contempt petition, Sinclair is charged specifically with having "ordered, directed and induced" Day and Clark to engage the services of the Burns agency "to spy upon" the jurors and to forward to him reports from the detectives as to their activities.

William J. Burns was accused of coming to Washington as early as October 12, five days before the Fall-Sinclair trial began, to arrange for the operations of the detectives and, with his son, W. Sherman Burns, is charged also with procuring a false affidavit.

purporting to show that the United States itself, through one of its employees, had attempted to tamper with a juror.

Taking cognizance of Burns' claim that he does not own a share of stock in the Burns Detective Agency, the district attorney said that 47 of the 50 shares of stock of the agency were held by Burns' wife and that Burns in this indirect fashion "receives money and other benefits from the holdings of said stock in his wife's name."

Special emphasis was laid by the district attorney upon those reports of the Burns operatives showing that they had carefully investigated the financial affairs of one of the trial jurors, John P. Kern, going so far as to inquire into what mortgages there were upon his home.

While Charles G. Ruddy, of Philadelphia, directing head of a squad of detectives brought here for the trial, was not included among those cited for contempt, his name runs all the way through the seven pages of the petition and he is directly charged with causing many reports to be made.

Reports Mention Kidwell. Among such reports cited is one concerning a brother or father of the juror, Edward J. Kidwell, Jr., which sets forth that this brother or father conducted a place of business located on questionable premises and that racing forms were found in the trash thrown out of the Kidwell place.

J. Ray Akers, a former street car conductor, and Donald K. King, a newspaper reporter, are the informers charged with loose talk about the trial were filed along with those concerning the Burns operatives and figured in the decision of Justice Sidsdons to declare a mistrial in the Fall-Sinclair case on November 2.

Kidwell, through his attorney, has denied the charges made by King and Akers in detail and has asked for a hearing. That will be given to him when the contempt proceedings get under way next month.

Although only six names were mentioned in the district attorney's petition, he asked that others be made parties to the contempt proceedings if it developed they were concerned.

**Mrs. Lilliendahl Fails
To Identify Suspects**

Mays Landing, N. J., Nov. 22 (A.P.)—Mrs. Margaret Lilliendahl today failed to identify two negro suspects as the men who she told police shot and killed her aged husband, Dr. A. William Lilliendahl, on a lonely road 4 miles from Hammonton, September 15 last.

Two suspects were brought here from Hammonton, Pa., where the doctor resided in connection with a hold-up near that town.

Mrs. Lilliendahl is awaiting trial next Monday with Wm. J. Burns, her South Vineland neighbor, on a charge of killing her husband.

**NEW BELGIAN CABINET
IS APPROVED BY KING**

Brussels, Belgium, Nov. 22 (A.P.)—King Albert tonight gave royal approval of the new cabinet which Henri Jaspar formed at the sovereign's request. The resignation of the previous Jaspar ministry, which had been in office since May, 1926, occurred yesterday. Royal decrees will be issued tomorrow.

The new cabinet contains no Socialists, the four Socialist ministers having been replaced by Liberals and Christian-Democrats. Paul Hymans, former minister of justice, becomes minister of foreign affairs, while M. Vautier, former minister of the interior, becomes minister of science and arts.

The two new Liberal ministers are Maurice Lippens, railways and posts, and Paul Emile Janson, justice. The two new Christian-Democrats are Senator Camoy, local affairs (interior), and Henry Heyman, public works.

The previous Jaspar cabinet resigned after it was found impossible for the members to agree on the period of military service.

Tornado Aid.

THE WASHINGTON POST BUREAU,
124 N. Patrick St., Alexandria, Va.
The report of the taxation committee of the civic bureau of the Alexandria Chamber of Commerce, which committee is endeavoring to obtain a reduction of the State taxes on manufacturing industries, has been completed, and will be submitted to the bureau at a meeting Monday.

After its approval by the bureau, the report will be submitted to the directors of the Chamber of Commerce and then probably will be sent to the Virginia Legislature at its forthcoming session, and a bill drafted along the lines of the report. It is understood the suggestions made in the report, if carried out by the legislature, would make the State much more attractive as a location for manufacturers.

Additional contributions received yesterday to the fund for the relief of Alexandria tornado sufferers amounted to \$245, which brings the total so far up to \$1,274.

Ray B. Cleveland, chairman of the building committee, will submit a report to the disaster committee tonight at 7:30 o'clock in the chamber unveiling the building damaged, the owners of the building, which will give a final estimate of the cost of reconstruction, and the committee will then proceed to make their own purchases in Alexandria after submitting a list to the State Cross office, provided the local price is no higher than those elsewhere.

Many benefits are being planned for the State of the relief fund. The Capital Theater will give a performance Sunday at 2:30 o'clock, with several special numbers. Manager Harry Rose has announced that the entire proceeds will go to the relief fund.

Miss S. E. James, representative of the National Red Cross on duty in Alexandria, announced that the 102 families will receive assistance from the Red Cross, 90 of these being colored and 12 white. Practically all the colored people have returned to their homes or obtained other quarters. James expects to finish her work early next week.

Today will bring to a close the annual roll call of the Red Cross, which so far has not been as successful as usual in Alexandria, owing to the calls for funds for the relief of tornado victims. Members of the Business and Professional Women's Club will be in charge today of booths in the banks and drug stores, and those who have not enrolled will have an opportunity of doing so. The goal set for Alexandria is 1,500 members.

Arrangements have been completed for the unveiling of the bronze memorial tablet erected to benefactors of the Alexandria relief fund. The unveiling is scheduled to take place in the nurses' home of the hospital at 4 o'clock tomorrow afternoon. An address will be delivered by Rev. Percy Foster Hall, rector of St. Paul's Episcopal Church, and all friends of the institution are invited.

The tablet will contain the names of all who have made donations to the hospital, and a large vacant space has been left for the names of future donors.

The weekly luncheon of the Alexandria Kiwanis Club will be held today instead of tomorrow on account of Thanksgiving. The principal topic will be the election of President Nelson T. Snyder has announced the willingness of the club to render whatever assistance may be necessary in caring for sufferers.

**PHILADELPHIA SEEKS
G. O. P. CONVENTION**

Committee Is Authorized to
Defray Expenses Up
to \$200,000.

Philadelphia, Nov. 22 (A.P.)—Representatives of the City of Philadelphia tonight decided to make a strenuous effort to bring the Republican national convention here and authorized a committee to defray expenses of the convention to \$200,000.

A committee of ten, headed by Gov. Fisher of Pennsylvania, was appointed at a dinner of the committee on conventions and exhibitions of the Philadelphia Chamber of Commerce to present the claim of the city to the national convention when the Republican national convention meets at Washington on December 6.

George B. Christman, secretary to the late President Harding, will open the Philadelphia headquarters at Washington next week and conduct the campaign to make Philadelphia the convention city.

Other members of the committee selected to extend the invitation included United States Senator-elect William E. Vare, Mayor W. Freeland Kendrick, W. L. Mellon, Pittsburgh, Republican State chairman H. T. Stotter, Samuel Vauclain and Rodman Wanamaker.

**Freight Train Wins
In Race With Death**

Special to The Washington Post.

Clarksburg, W. Va., Nov. 22—A race against death by a freight train, carrying Harry M. Midcap, 31, Baltimore & Ohio station agent at Potomac, who had both legs cut off, was won by the train today, and Midcap is now a patient in a Clarksburg hospital. Physicians hope he may live.

C. H. Reading, engineer, and H. U. Titchener, conductor, gave him first aid when the train ran over him as he attempted to board it. They raced the train with the injured man aboard to Clarksburg on an open track in half the time it usually makes. Trainmen at all along the route assisted. Midcap is a son of Mr. and Mrs. Millard Midcap, of Porters Falls, and is unmarried.

Jazz Burglar Gets Saxophones.

Entering the residence of J. William Leverton, 1910 Park road northwest, musician, last night through a rear window, a burglar stole two saxophones valued at \$415. Mr. Leverton and his wife were away taking dinner at the time the robbery occurred.

Pittsburgh Explosion Death Toll Is 27

Pittsburgh, Nov. 22 (A.P.)—The known dead in the Equitable Gas Co. tank explosion last week reached 27 today when Mrs. Helen Carroll identified a body found in the ruins near the tank as that of her husband, Ellwood Carroll, of Freedom, Pa., employee of the Riter-Conley Co., Carroll, a welder, was working on the tank when it blew up. With the identification of Carroll, only one man, Peter Scharf, another Riter-Conley employee, is missing.

**A. B. Lane Assigned
To Post in Capital**

(Associated Press.) Arthur Biles Lane, formerly first secretary at the Embassy in Mexico City, has been assigned to the Mexican division in the State Department, and is understood to be in line to succeed Franklin M. Gunther as chief of that division when Gunther's assignment terminates next March.

Lane is a New Yorker and began his diplomatic career in 1916 in the Embassy at Rome. He has been on duty in the Mexico City Embassy since 1924.

POPE TO WARN AGAINST NATIONALIST EXCESSES

Will Completely Review Political Events of Year at Consistory.

THREE TO GET RED HATS

(Special Cable Dispatch.) Rome, Nov. 22.—Pope Pius XI will make a complete review of the principal religious and political events of the year in his allocution at the coming consistory, uttering a warning at the same time against nationalistic excesses until an encyclical on this subject is issued.

The consistory will see the naming of three new cardinals, replacing the three who died during the year. The three deceased cardinals all were Italians, namely Cardinal Luadi, archbishop of Palermo, Cardinal Benazzi, bishop of Palermo, and Cardinal Cagiano De Azevedo.

With the Vatican most reticent, it is expected the new prelates all will be from the Italian episcopacy. It is reported that the new archbishop of Palermo will be elevated to cardinal, while the post of archbishop of Palermo also is probable that Mr. Minnoret, archbishop of Genoa, a personal friend of the Pope, will be elevated, and that Mr. Loughlin, bishop of Treviso, who was charged with the archbishopric of Udine after the withdrawal there of the former archbishop, Mr. Rossi, following the arrest and deportation of several canons and priests by the fascist government, will get the red hat.

**TWO COLLEGE GIRLS
NOW RAT CATCHERS**

Profession, Say Graduates, Is One That Offers Plenty of Future Work.

New York, Nov. 22 (A.P.)—Overcoming the traditional female aversion to rodents, two graduates of women's colleges, Miss Helen Caldwell, of the University of West Virginia, and Miss Evelyn Wagner, of the University of Minnesota, have adopted rat killing as a profession.

Both girls article in the December American Magazine, Miss Caldwell tells how she and Miss Wagner, putting to practical use the lessons of their chemistry courses, have exterminated rats in 35 States, two provinces of Canada, Hawaii, Alaska and many Mexican cities.

That is, some of the rats in all those places, not all of them. "We have learned," she says, "that a single pair of rats living in good circumstances can be responsible for the arrival of 450,000 rats in three years, so there is plenty of work left for us." She said that the rat population of the country is twice the human population, and that it costs \$1.82 annually to feed each rat.

**Mandamus Is Sought
Against Breathitt**

Louisville, Nov. 22 (A.P.)—Petition for a mandamus to compel recognition of the vote in the county and for an injunction to prevent the State election commissioner from certifying James Breathitt, Jr., Democrat, as elected lieutenant governor, was filed in circuit court here today in behalf of E. E. Nelson, Republican candidate. The petition charged irregularities in the count here of the November 8 election. Final returns showed Breathitt elected.

**Northwestern Star
Gets Wedding License**

Chicago, Nov. 22 (A.P.)—Tim Lowry, captain of the 1925 Northwestern University Football Team and a winner of the trophy signifying the most valuable player to his team in the Big Ten, was given a license today to marry his Katherine Bulkey, of the Chicago College Club.

ALEXANDRIA ANNEX PLAN IS INEVITABLE, DEVELOPER CLAIMS

Arlington County Supervisors
Wasting Funds in Fight,
Frank Lyon Declares.

MERCHANTS CANVASSED
FOR RED CROSS FUNDS

Master Plumbers Head Fined
for Working Without Permit.

ARLINGTON COUNTY
BUREAU OF THE POST,
Tel. Clar. 509. Clarendon, Va.
Speaking at a meeting of the Alexandria, Arlington and Fairfax Real Estate Board, held last night at the Washington Golf and Country Club, Frank Lyon declared that the spending of county funds to fight annexation is merely squandering the funds, and the board of supervisors should not be allowed to do it. "It is inevitable that Alexandria will annex a part of Arlington County," Mr. Lyon declared. "The thing to do is to get together and make one large city of Alexandria and Arlington County, and we will find that we will have the third largest city in the State," he said.

Mr. Lyon said that the board should consider the establishment of a civic center, where a modern courthouse, jail and hospital could be located.

John A. Petty, former secretary of the Washington Real Estate Board, spoke. The meeting was preceded by a dinner at 6:30. President Ashton C. Jones presided.

The annexation proceedings which have been started by the City of Alexandria to take over a section of Arlington County in the Jefferson district is now occupying the minds of all leading citizens.

Mr. Mackey declares that the legislature has no power to prescribe or specify what amount of territory should be annexed or how much of the limits of a city or town should be limiting. With the eleventh annual roll call for the Arlington County Chapter, American Red Cross, rapidly drawing to a close, an appeal to the business interests of the county was sent out last night.

The executive committee will hold a meeting in the rooms of the Chamber of Commerce next Monday night, when final reports will be made.

George H. McCrillis, president of the Master Plumbers Association of Arlington County, was charged in Police Court yesterday with having done plumbing work without first obtaining a permit. Judge Harry R. Thomas imposed a fine of \$5 and costs, totaling \$14.25.

Attorney Hammond Brewer, for McCrillis, noted an appeal.

The town council of Potomac, at its meeting last night, rejected all bids for the construction of sewers on the grounds that they were excessive.

The council directed Corporation Attorney Walter U. Varney to institute suit against all property owners who are delinquent in their taxes of \$50 and over. Mr. Varney said last night that the list totals several thousands of dollars.

Walter U. Wright was appointed a special police officer to fill the vacancy caused by the removal of Officer John W. Mehrling. It was shown, according to Mr. Varney, that Officer Mehrling was transferring his authority to the students of George Mason High School, who, with his badge, were directing traffic.

The council further authorized the corporation attorney to institute injunction proceedings against residents of Mount Ida for permitting sewage to flow into an open stream within the town limits.

**U. S. and Poles Sign
Extradition Treaty**

Warsaw, Poland, Nov. 22 (A.P.)—An extradition treaty between the United States and Poland was signed here today after several years of negotiations. The ceremony took place at the foreign office, American Minister John B. Steiwer, Jr., signing for the United States and Foreign Minister August Aleski for Poland.

FRANZ LISZT'S OWN PIANO

NOW ON EXHIBITION IN OUR WAREROOMS

Still singing sweetly as ever... is the famous Chickering... at which was composed and played for the first time... much of the finest music of the great Franz Liszt. This historic instrument... now on display in our warerooms... was loaned by the Royal Hungarian "Franz Liszt" Academy of Music to the house of Chickering & Sons... in tribute to its distinguished service to music. The Chickering of Liszt's day... as was the first Chickering made in 1823... was the finest piano that human hands could fashion. NORTHWEST TO AID SOUTHERN FIGHT FOR CUT IN COAL RATES

Governor of Minnesota Backs
Request for Lake Cargo
Rent Reduction.

HEARINGS CONTINUED
UNTIL NOVEMBER 29

Rescinding of Lower Charges
Allowed Northern Roads
Suggested as Solution.

(Associated Press.)
After eliciting yesterday the views of
consumers and of railroads only indirectly
concerned in the contest over lake
cargo coal rates, the Interstate Com-
merce Commission adjourned the hear-
ings on the subject until November 29,
when Northwestern consumers will be
heard in Minneapolis.

Gov. Christian of Minnesota, told
the commission yesterday that he re-
presented the multitude of Northwestern
consumers of coal in protesting against
the temporary refusal of the commis-
sion to allow roads serving West Vir-
ginia, Kentucky and Tennessee to re-
duce lake cargo coal rates 20 cents per
ton.

The Northwest could not understand,
the governor said, why the commission
felt it necessary to prevent "the pros-
perous Southern railroads from making
the voluntary reduction they tender." He
added that the people for whom he
spoke were not interested in the com-
petitive merits of the controversy be-
tween Northern and Southern coal op-
erators.

Mose Glenn, chairman of the Ken-
tucky railroad commission, likewise
filed a statement favoring the South-
ern reduction.

Northern Roads Cut Rates.

W. N. King, counsel for the New York
Central, and speaking for the principal
roads serving Ohio and Pennsylvania,
declared that the latest stages
of the controversy began when the
commission last summer ordered a cut
in lake cargo rates from Ohio and Pen-
sylvania of 20 cents per ton, which the
Southern roads are now endeavoring to
parallel for their own territory.

He suggested that as one method of meet-
ing the present difficulty, the commis-
sion might allow the Northern roads to
rescind the 20-cent cut. This pre-
cipitated a general discussion among
railroad counsel.

Attorneys for the Norfolk & Western
and Louisville & Nashville railroads de-
clared that the carriers they represent-
ed might consider this a way out, but
the proposal was questioned on behalf
of the Chesapeake & Ohio, one of the
other large coal carriers.

Commissioner Campbell directed the
Northern lines to go forward with their
testimony, but when J. T. Carbine, as-
sistant general traffic manager for the
Pennsylvania, began relating the ef-
fects of the northern lake cargo rate re-
duction, Van Norman, counsel for the
Southern operators objected. Commis-
sioner Campbell, however, overruled
his contention that the northern rates
were not being considered in the present
proceedings.

Loss in Earnings Cited.

Mr. Carbine declared that the North-
ern roads would lose in earnings \$1-
\$2,000,000 annually by reason of the re-
duction the commission ordered. The
loss to the Pennsylvania alone he
placed at \$400,000 annually.

He estimated that additional losses
would now be incurred if the South-
ern rate cut went into effect because
of the extent to which Northern lines
participate with Southern lines in the
lake cargo haul from Southern terri-
tory. Mr. Carbine also undertook to
demonstrate that the Southern re-
duction would affect the movement of coal
to the Chicago and Detroit markets be-
cause of differences that would be set
up between all rail hauls and rail-and-
water hauls.

Southern operators called to the
stand yesterday J. D. A. Morrow, pres-
ident of the Pittsburgh Coal Co., one
of the largest producers in Northern
territory, and endeavored to establish
by his testimony that increased effi-
ciency and decreased wage rates in
Northern coal operations had been at-
tained during the present year. Mr.
Morrow contended the suggestion that
the lowered production costs in the
Northern field constituted a justification
for reducing the Southern rates.

THE SPOTLIGHT

By JOHN J. DALY

Over at Mr. L. Stoddard Taylor's
playhouse on Lafayette Square there
sits on the boards a piece of drama in-
tense as any come to this parish in
years. It is "Bless You, Sister," a play
in three acts by John Meehan and
Robert Riskin.

Its title, the salutation that re-
vivalists sometimes confer upon those
who donate generously to the collection
at camp meetings and the like, its
theme having as centrifugal force a
subject near and dear to the hearts
of most people—religion—these are apt
to be those who will brand this work
sacriligious. Well, it is—and it isn't,
as the artful evader some time ago re-
marked.

"Bless You, Sister" tells the story of
a lovely little lady, Mary MacDonald,
the daughter of a very devout clergy-
man, one of those sweet, lovable souls
who work everlastingly for the salva-
tion of the world and get their reward in
spiritual, rather than material gain.
After a good eighteen years laboring in
the vineyard, the leading merchant of
the town, who usually pays the church's
bills, sees to it that the shepherd is
relieved of his flock, or the flock of its
shepherd. Mary MacDonald is through
with a system that thus forces her
father out on the sidewalk.

Just about this time appears a sil-
ver-tongued orator in the person of a
glib, young Bible salesman. He is sell-
ing the Good Book to the wide, wide
world—and Mary goes along with him
on a mission that ends in a traveling
tabernacle, herself the chief apostle of
salvation. The sawdust trail leads to
a tent.

Without doubt, the play has some
semblance of reality; especially as its
inner workings are concerned with a
certain phase of charitableness. Yet,
aside from all this, it is mighty
drama—a gripping story of a young
girl, and her intense love for a wor-
thy man; of a sister who plays false
to ideals; of a hard-boiled man-of-the-
world, true blue under his coat of
armor, and of a wishy-washy section
of wealth who gets everything he goes
after. So, the play is the thing, re-
garless of its feeling, which happens
to be on dangerous territory.

Realism here takes its seat in the
theater. There is a tabernacle scene
where Ann Davis, in the lead role, calls
to the faithful. This is where some
may see sacrilege. The evangelist con-
fesses afterward she doesn't believe one
word uttered in a sermon that is a
masterpiece. It rings true. It is true,
and fine as any delivered on any Sun-
day in any church, anywhere—yet, all
in play acting.

Mary MacDonald, played by Ann
Davis, is a masterful bit of character
creation. This girl, who first made her
stage presence known in Washington
with "The Outsider" some years ago at
Polk's, has developed into a fine actress.
She is aided and abetted in the new
play by a good supporting cast, with
an outstanding contribution credited to
Charles Rickford, who plays the
Bible salesman. In this role, Rickford
is as mighty as Walter Huston was in
"The Barker"—and if it were a man's
play Rickford would easily be the star;

but this is a woman's play, in so far as
Mary MacDonald, the evangelist, is
concerned. Robert Ames and Mildred
McLeod in difficult parts give fine ac-
counts of themselves. So, too, George
Alison, as a gentleman of the cloth.
As a study of theater, "Bless You, Sis-
ter" is something to command the at-
tention of theatergoers whatever their
reaction to scenes seldom shown on the
stage.

Pronunciation, on stage and off,
works some strange tricks. In the op-
eretta, "My Maryland," at Polk's, one
of the principals steps before the cur-
tain, between acts, and makes an an-
nouncement. It is to the effect that the
Paisley shawl worn by Olga Cook
as Barbara Fritchley, was once owned by

Francis Scott Key, author of "The Star-
Spangled," who gave it to his daughter,
Anna Key—a name that comes over the
footlights as "anarchy."

In the parlance of the theater, "to
scale the house," means to apportion
certain prices for seats. The house
manager and the advance agent usually
have a word or two about what prices
shall reign. Recently, a youngster off
Broadway, never on the road before,
was asked by Steve Cochran, manager
of the National, if he himself would
scale the house. "Well," said the dum-
founded young aspirant for theatrical
fame, "I hadn't thought of any circus
stunts, but if you provide the ladder,
certainly I'll scale the house."

At the President Theater this week is
the best rendition of "Robin Hood"
that any musical organization has given
here in 20 years. The man who makes
this bold assertion—William R. Car-
penter—has been reviewing theatrical
entertainment for what might be
called eons and eons. Admitting he has
not heard all the "Robin Hood" com-
panies in the past two decades, but
that he has heard most of the stock
companies, Mr. Carpenter goes on record
as saying that there has been no com-
pany that could handle the DeKoven
masterpiece on an opening night with
the zest, the vigor, the fun and the
uniform excellence of voice that the
President Light Opera Company dis-
plays.

It would be a pity if any one should
overlook what is going on at the Presi-
dent. With its wealth of lasting un-
spoiled melodies, its deliciously tricky
part songs and thrilling choruses, "Rob-
in Hood" remains the best and most
popular of American comic operas. Here
it is, offered with voices of exceptional
quality in all the chief parts, a chor-
us well drilled and musically capable, and
comedians who really know how to be
funny. The ancient playhouse south of
the Avenue is calling strongly for at-
tention and will win glory yet before
the building program gobbles it.

RED-HAIR CHINA REBEL WAS CHICAGO HEIRESS

Girl Who Died in Moscow Is
Revealed as Daughter
of Wealthy Man.

Chicago, Nov. 22 (A.P.).—The "girl
with the flaming red hair," Mrs. Rayna
Raphelson Frohne, word of whose
death at Moscow reached here last
night, was said to have been one of
the most sensational figures in the
Chinese revolution.

The daughter of Joseph Simmons, a
member of the Chicago Board of Trade,
Mrs. Frohne left the home of her
wealthy parents five years ago to follow
the varying fortunes of the revolution.
Educated at the University of Illinois,
the University of Chicago and the Uni-
versity of California, she was termed
by members of her family "a brilliant
woman of a philosophical turn of
mind."

After her university days, Mrs.
Frohne married Sam Raphaelson, au-
thor of the play, "The Jazz Singer,"
and said to be well known in New York.
They were divorced, and Mrs. Frohne
then married a newspaper man of that
name.

The couple went to China and aided
in the publishing of Eugene Chen's
newspaper in Peking, at the same time
taking an active part in crusading the
cause of the revolutionists. The strain
was said to have contributed to her
collapse on the street at Moscow a
week ago, from which she never re-
covered.

SING DUCHESS TELLS OF YEARS OF HAPPINESS

American Heiress Who Wants
Divorce Defends Foreign-
ers as Husbands.

GRIEVES FOR CHILDREN

Bridgeport, Conn., Nov. 22 (A.P.).—
The former Mary Elsie Moore, of Green-
wich, now Duchess of Torlonia, after
today's hearing on the duchess' peti-
tion for divorce told newspaper men
that the ten happiest years of her life
were those passed with her husband. It
was not, she declared, because he was
a foreigner, but because of his indis-
cretions—which she referred to as "this
trouble"—that she could no longer
live with him.

"Thus it is something that might
have happened in America as well as
in Europe," she said. "Such things do
happen here not infrequently in Ameri-
can families."

Her own experience should not be
taken as a sign that foreigners do not
make good husbands, she added.
One of her chief regrets that she is
forced to turn to the divorce courts,
she said, was because of her children.
They are old enough to read the news-
papers, the duchess said, and sooner
or later they probably will see their
parents' case chronicled.

"After all, the Duke is their father,
and I must remember that and not
let them know these things," she said.
The American citizenship of the
duchess supplied the basis for argu-
ment in today's brief hearing. While
the defense claimed that the duchess
entered the country as a visitor and
not as a prospective citizen, her coun-
sel contended just as strongly that she
was within her rights in applying for
naturalization.

The passport on which the duchess
entered the country last July was pro-
duced today and the court ordered a
translation of the inscription on it to
be prepared before the next hearing,
on December 2.

FOOTBALL STAR SUED AS BREAKER OF TROTH

Texas Girl Says That Murphy
Jilted Her to Study
for Priesthood.

Chicago, Nov. 22 (A.P.).—The pre-
cipe of a \$50,000 suit for breach of promise
against Edgar E. Murphy, 29, former
Purdue University football captain, was
filed today by Miss Ethel Jean Masden,
formerly of Dallas, Tex., charging that
Murphy jilted her to study for the
priesthood after she had made elaborate
plans for a wedding.

Miss Masden, who is 22, charged that
after their engagement was announced
last New Year's Eve Murphy went to
Texas to become an architect. She said
they planned to be married in Texas
and that she made preparations accord-
ingly, purchasing a \$5,000 trousseau.

However, she charges, her fiancé sud-
denly broke off plans for the wedding
and arranged to study for the priest-
hood, proposing that she become a nun.
She says he went to California, where
he now is studying to become a priest.

GIFT-BUYING SEASON ADVANCED AS SHOPS DISPLAY FULL LINES

Washington Stores Stock Up
to Prevent Late Christmas
Crush of Past.

PURCHASERS ADVISED
TO DO SHOPPING EARLY

Shelves and Counters Loaded
Now, Says Merchants
Association.

Voting unanimously to move forward this year the date of display of their holiday goods, and in anticipation of the Christmas shopping rush, local stores have full shelves ready for the holiday buying, according to an announcement yesterday by the Merchants and Manufacturers Association. The "mail-order-shop-early" campaign was pushed forward even earlier this year to relieve the congestion of purchasing during the few days remaining before the Yuletide.

This action is made possible, according to the committee, because of the fact of the growing tendency toward earlier shopping in the holiday season, and local merchants early this year ordered ample shipments from jobbers and manufacturers to meet the special needs of holiday shoppers. As a result, it is announced, stores and warehouses are well stocked and are prepared to meet the earlier shopping demand.

Part of Nation-Wide Plan. According to the announcement, in past years it has been the custom of merchants here, as well as elsewhere, to defer the display of goods and special Christmas merchandise until early in December. This year the merchants decided to take advantage of the

School Heads Exercise Selves on Treadmill

Public school officials went President Coolidge and his electric hobby horse one better yesterday when they rigged up an old-fashioned treadmill in the basement of the Franklin School and gave their legs a strenuous and unscheduled workout. At the finish they had done considerable walking but had not gone anywhere.

The occasion marked the test of the health machine of Oswald Kutsche, 78 years old, of 110 East Capitol street, who is striving to have school officials place one of the machines in each school.

Kutsche claims his treadmill is a cure-all. At the base of the machine are two treadmills. One adapted for fast walkers, the other for persons who like to take their time. A few minutes' use of either machine will work up a fast heart beat.

Nation-wide sweep toward earlier season gift buying. This action was not taken for a concerted Christmas opening by all the stores until a committee of the Merchants and Manufacturers Association had received assurances that complete lines of Christmas merchandise were ready and would be shown at this time.

"This action guarantees to the shopping public that they will have a better chance to make their Christmas purchases now than later," Edward D. Shaw, secretary of the Merchants Association, declared yesterday. "Before warning the public to do their shopping early in Washington stores," he continued, "we made certain that our stores were prepared to receive them."

Shopping Season Advanced. Figures collected by the Merchants and Manufacturers Association, following last year's Christmas shopping season, show that the idea has taken hold to such an extent that the real Yuletide shopping season is spread over a five-week period, instead of the one-week rush of former years.

Washington merchants have this year made perhaps the greatest advance preparations in their history. There is very indication of an unprecedented gift-buying season this year. Anticipating this, local merchants have been increasing their advance holiday merchandise orders. Their intention, announced yesterday, of placing these augmented stocks on display well in advance, insures the people of this community an opportunity to supply their holiday buying needs better than ever before.

Three-Day Cruise to End the Maryland-Virginia Dispute to Begin Friday.

Richmond, Va., Nov. 22 (A.P.).—The State geologists of Maryland and Virginia will begin a three-day cruise Friday in an effort to definitely establish the correct boundary line between the two States and thus settle the controversy now on in connection with hunting rights on the Potomac, it was learned today.

Dr. Wilbur A. Nelson and Dr. William E. Matthews, the geologists for Virginia and Maryland, respectively, have been requested by the governors of the two States to attempt to reach an agreement so that their conclusions may be presented to the legislatures of the two States at their next sessions.

Is Declared Insolvent

Salisbury, Md., Nov. 22 (A.P.).—The Wicomico Building & Loan Association, with an authorized capital of less than \$200,000 was declared insolvent today and placed in the hands of receivers.

William M. Cooper, secretary for many years is seriously ill and has decided all his property and holdings to the receivers. A statement said the extent of the insolvency could be learned only from an audit.

FLAMES KILL YOUTH
IN DISTILLERY RAID

Others Wrecking an Alcohol Plant Are Burned in the Explosion.

Paterson, N. J., Nov. 22 (A.P.).—Harry Young, 22, was burned to death tonight when 2,500 gallons of denatured alcohol flared up as Young and several other men under the direction of county detectives were dismantling a distillery that had been raided.

Young leaped through a window when the alcohol burst into flames. He dropped between two buildings and became wedged there. Firemen found the body after the flames were extinguished. Young's father, Warren Young, was one of a wrecking squad that escaped from the building when the flames came. Others included two detectives from the prosecutor's office and a corps of men from a trucking company. All were slightly burned.

County officers believe that a spectator threw a lighted cigarette on the floor of the building which was soaked with 2,500 gallons of alcohol that had flowed over the floor when the vats were smashed.

ECONOMIC INDEPENDENCE UPHELD IN Y.W.C.A. TALK

Mrs. Cunningham, Senatorial Candidate, Addresses Business Women's Council.

OLD ATTITUDE RECALLED

Economic necessity demands the economic independence of women, Mrs. Minnie Fisher Cunningham, candidate for the United States Senate from Texas, told the Council of Business and Professional Women and Girls of the Young Women's Christian Association last night at its first annual banquet.

The banquet was one of a chain of 250 held at the same time throughout the United States, and a standard program was followed at each. Telegrams of greeting were sent by each of the councils in the country.

The subject of Mrs. Cunningham's address was "Advancing of Women and Girls Into the World of Business and Professions." Women going into business and professions is an adventure, Mrs. Cunningham declared, but one in which this generation, with its proud psychology, has a distinct advantage over the preceding generation.

Women may now, without stigma, enter their chosen fields, she pointed out, while until comparatively recent years they felt ashamed of earning wages. Before the present women's era, she said, when faced with the necessity of earning money, women "ran in to help at the corner store," or "took in paying guests," or "taught music to the daughters of a few friends."

Today women may commercialize their talent and labor without shame, Mrs. Cunningham declared.

"I honestly believe there are no limitations, except those you place on yourself," she said. "You can go as far as you want."

When women generally achieve economic independence they will exercise a much more powerful influence in world affairs than they now do, she predicted. They will then be able to exterminate crooked politics, abolish war and demand peace, she said.

Mrs. T. E. Brown, president of the local Y. W. C. A., and Miss Grace Brame, toastmaster, presided, and Miss Mary Apple sang. The evening was closed with singing by the 115 members who attended, led by Miss Imogene Ireland.

Air Caravels Mark
Day Columbus Sailed

San Juan, Porto Rico, Nov. 22 (A.P.).—On the anniversary of the day history credits Columbus with sailing from Porto Rico after discovering the island in 1493, two air caravels, the Santa Maria and Nina, named after his ships, arrived today, establishing the first air service in the West Indies.

The Santa Maria left Port au Prince at 2 a. m. yesterday, reaching San Pedro Macoris at 4 p. m. The Nina She left Macoris at 8:30 this morning, arriving here at 12:45. A triweekly service has been arranged between Porto Rico and Santo Domingo, Haiti and Cuba.

COMPANIONATE WEDDING CEREMONY PERFORMED

Publishers' Daughter and Student Are United by Unitarian Minister.

PARENTS' CONSENT WON

Girard, Kans., Nov. 22 (A.P.).—A matrimonial experiment accepted as purely by a companionate one entailing no financial responsibilities of home-making was entered upon here today by Miss Josephine Haldeman-Jullus, 18, and Aubrey C. Roselle, 20.

Dr. L. M. Birkhead, pastor of All Souls Unitarian Church, Kansas City, united the young couple at the home of the bride's parents, Mr. and Mrs. E. Haldeman-Jullus, Girard publishers and authors, who are advocates of companionate marriage.

The ceremony was conventional in every respect, but Roselle and his bride agreed, with the support of their parents, that each would be free to carve out a career without immediately taking on the responsibility of establishing a home.

Next Monday the bride will return to her classes at the Girard High School. Walter Wallace, superintendent of schools, said he approved the marriage and saw no reason why Mrs. Roselle should not complete her studies.

Roselle is employed in his father-in-law's publishing house and intends to reenter the University of Kansas as a student the next semester. He explained it was necessary for him to work his way through school and he would be unable to provide a home for two until he had completed a law course or established himself in his profession. The bride plans to take up a dancing career.

Both said a companionate marriage would permit them to enjoy each other's companionship without sacrificing their education, as many school-mates had done.

"So many girls, especially those in school, have affairs and they would be better off and more capable of putting their minds on their work if they were married," said the bride.

Mrs. Haldeman-Jullus expressed the belief that the marriage would finally terminate in a true "family marriage."

Big Truck Damages
Shenandoah Bridge

Special to The Washington Post. Winchester, Va., Nov. 22.—Mechanics are repairing the western approach of the Shenandoah River Bridge at Berry's Ferry, on the Lee-Jackson highway, which sank early today under the weight of a truck loaded with 7 tons of merchandise from Washington.

Meanwhile, through traffic between Winchester and Washington has to detour by way of Leesburg or Frederick, Md.

Supplies of concrete, steel and heavy lumber were ordered within an hour after the accident was reported to State Highway Engineer Moyer and a survey of the damage was made. The truck had crossed the bridge safely and was descending a sharp turn on the approach when the front end, though 30 feet west of the river bank, began to sink, taking the driver with it.

The driver remained seated and escaped injury, but his helper, who jumped, was slightly injured.

Reduce the Acid

In sick stomachs—instantly

Sick stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach and intestines sour.

Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless, tasteless dose neutralizes many times its volume in acid. Since its invention, 50 years ago, it has remained the standard with physicians everywhere.

Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours.

Be sure to get the genuine Phillips' Milk of Magnesia, prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drug store.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor, Charles H. Phillips, since 1875.

Miss Wilson Breaks
Barthelme's Troth

New York, Nov. 22 (A.P.).—Miss Katherine Y. Wilson, actress, told the Associated Press today that her engagement to Richard Barthelme, screen star, had been broken off because she desired to return to the stage.

"Mr. Barthelme and I," she explained, "are excellent friends still, although we came to this decision several weeks ago. He is now on the coast making a picture and I am planning to start rehearsals here in New York immediately."

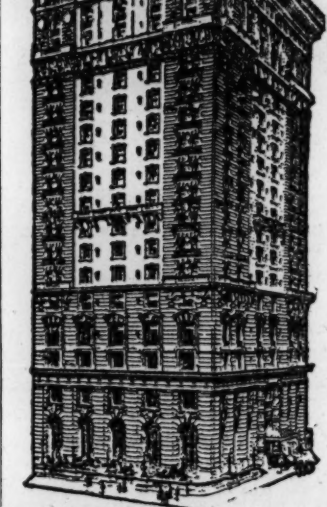

The engagement was announced last August, a year after Barthelme was divorced in Paris by his first wife, Mary Hay, screen and stage actress.

Pays Dual Penalty
For Remark in Court

Special to The Washington Post. Danville, Va., Nov. 22.—L. E. Chandler received double punishment in the Pittsylvania Circuit Court today when he muttered in the presence of Judge Clement that he had received a "dirty deal" at a second trial of violating the State liquor law. He had been fined \$50 and sentenced to three months in jail.

His face darkened as he made the remark to the judge who ordered the sheriff to bring him back. Chandler repeated what he had said on being questioned and was fined another \$50 and given three more months in jail.

Seal the PISTON RINGS

GULF NO-NOX MOTOR FUEL

WELL sealed piston rings—by the use of tough viscous lubricating oil accomplishes two important requirements for efficient motoring:

- 1st—It prevents the passage of gasoline into the crankcase which minimizes dilution.
- 2nd—It preserves compression—the better the compression, the greater the motive power.

That New Improved Supreme Motor Oil is tough and viscous—it supplies a perfect seal—lubricates thoroughly and continuously. If run a few hundred miles beyond recommended change periods, its stamina prevents sudden breakdown—with the expensive results.

Dreams Worth Encouraging

WHEN the son and heir, still in the grammar grades, tells you what he will do when he gets to college—or when your fast-growing daughter tells you of her collegiate plans—such dreaming should be encouraged.

Moreover it should be encouraged in a material way. On your child's next birthday why not buy a 6% First Mortgage Note offered by Swartzell, Rheem & Hensley Company and put it aside for him until the day he is ready to enter college.

As time goes on you can purchase additional Notes in denominations of \$100, \$200, \$500 and \$1,000 to guarantee your child's dream coming true.

You can depend on the offering of this House. No investor in them has suffered loss in over fifty-eight years. And their return is an attractive one.

The Brighton Apartments GUARANTEED First Mortgage 6% Gold Bonds

THE COMMERCIAL NATIONAL BANK, Corporate Trustee

GUARANTEE: Each bond of this issue bears the Real Estate Mortgage & Guaranty Corporation's direct and unequivocal guarantee of full payment of principal and interest. This Corporation has capital, surplus and reserves of \$3,413,613.78 and resources of \$4,654,210.72.

SECURITY: This issue of bonds is secured by a direct, closed first mortgage of \$400,000 on the land, building and equipment of the Brighton Apartments, a well-established and successfully operated apartment building and hotel at 2123 California Street, Washington, D. C. Under the terms of the mortgage the owners of the Brighton Apartments have agreed to make semi-annual payments of \$5,000 each to be used for the retirement of bonds. These payments will reduce the amount due at the final maturity, on May 1, 1932, to \$355,000.

VALUATION: The Brighton Apartments property has been appraised by Thomas J. Owen & Son, expert real estate auctioneers and appraisers of Washington, at \$741,250, and by Arthur Carr, realtor, at \$746,760. On the basis of the lower of these appraisals, the first mortgage bond issue of \$400,000 represents less than 54% of the property value.

INCOME: For the three years ended September 30, 1927, the annual net income of the Brighton Apartments averaged more than three times the greatest annual

interest charge on the first mortgage bond issue of \$400,000, and more than twice the greatest annual interest charge and serial payments combined.

TITLE: The validity of the title to the Brighton Apartments property has been guaranteed by the Real Estate Title & Insurance Company and the Columbia Title & Insurance Company.

LEGALITY: All legal matters pertaining to this issue of bonds have been passed upon by Messrs. Donaldson & Johnson, attorneys at law. Mr. Donaldson is President of the Commercial National Bank and Mr. Johnson is Trust Officer, Counsel and a Director of the same institution.

PRICE: The Brighton Apartments bonds are offered subject to prior sale, at 100 and accrued interest, to yield 6%, in semi-annual maturities from May 1, 1928, to May 1, 1932. You may buy them in denominations of \$1,000, \$500 or \$250, either outright for cash or by payments extended over 10 months. Under the latter plan, the full rate of bond interest is allowed on all payments.

Coupon and registered bonds interchangeable.

FIDELITY UNION TRUST COMPANY, NEWARK, NEW JERSEY, TRUSTEE

Issuance subject to authorization by the Board of Public Utility Commissioners of the State of New Jersey

Mr. Thomas N. McCarter, President of the Company, has summarized as follows his letter to us describing these Bonds:

BUSINESS AND TERRITORY

Public Service Electric and Gas Company, one of the largest companies of its kind in the world, owns or controls electric and gas systems serving a rapidly growing population in New Jersey estimated at over 2,900,000, or over 80% of the population of the State. The territory served extends from the Hudson River opposite New York City southwest across the State to the Delaware River opposite Philadelphia and includes Newark, Jersey City, Paterson, Trenton, Camden, Elizabeth, Bayonne, Hoboken, Passaic, the Oranges, Perth Amboy, Union City and New Brunswick.

SECURITY

The First and Refunding Mortgage Bonds, of which \$67,300,000 will be outstanding upon completion of this financing, are secured by mortgage on all of the Company's mortgageable property and by pledge of leasehold estates. The mortgaged and pledged property, as valued in 1924 by independent engineers plus net additions to date at cost, is over twice the Company's funded debt to be held by the public upon completion of this financing plus the securities of leased companies in the hands of the public.

The property on which these Bonds are secured by first mortgage includes over two-thirds of

the electric generating capacity of the system—the Kearny power plant of 215,588 kv.-a. installed capacity and the Essex power plant of 205,044 kv.-a. installed capacity—and is valued, as above, at substantially more than the principal amount of the First and Refunding Mortgage Bonds outstanding.

EQUITY

The Company's funded debt and the securities of leased companies held by the public, totaling \$149,488,055 as of November 1, 1927, after giving effect to this financing, are followed by its outstanding \$71,563,700 Preferred Stock and 11,475,000 shares of Common Stock, the latter representing a cash investment of \$114,750,000. All of the Company's common stock, except directors' shares, is owned by Public Service Corporation of New Jersey.

PURPOSE OF ISSUE

The proceeds of these \$45,000,000 Bonds will provide for the retirement of all of the outstanding \$40,601,000 First and Refunding Mortgage Gold Bonds, 5 1/2% Series due 1939 and 5 1/2% Series due 1964, (which will be called for payment at 105 and interest on April 1, 1928, and February 1, 1928, respectively), and for expenditures already made for additions and improvements to the properties.

NET EARNINGS 4 TIMES THE ABOVE FIXED CHARGES

The foregoing is subject to the more complete statements contained in the circular which may be obtained upon application.

Application will be made to list this additional Series on the New York Stock Exchange.

These bonds are offered subject to sale and when, as and if issued and received by us and subject to the approval of our counsel, Messrs. Davis, Polk, Wardwell, Gardiner and Reed and Messrs. Dickson, Beiler and McCouch, of the form and validity of the documents and proceedings. It is expected that interim receipts of Drexel & Co. will be ready for delivery on or about December 8, 1927.

We recommend these Bonds for investment

Price 98 and interest to yield over 4.60%

(Public Service Electric and Gas Company First and Refunding Mortgage Gold Bonds, 5 1/2% Series due 1939 and 5 1/2% Series due 1964, with all unmatured coupons attached, will be accepted in payment at 105 and accrued interest to date of redemption, less bank discount at the rate of 3 1/2% per annum from date of payment to April 1, 1928, and February 1, 1928, respectively.)

newly established during the session, but trading in the latter was not as active as in the former. The most common and General Electric, was rather inactive. Price changes were of small fractional character.

Although the total sales for the day were well over 2,500,000 shares, there were few signs of the better-known symbols appearing in large quantities. The trading had spread to many stocks, but many of them were fairly inactive, and in several cases these and some of the small transactions. A rather strong rally was apparent in the later trading, as the market began to cut down early day gains in many places. The day's best levels of gains of from 3 to 8 points were scattered through the list, with the highest gains of 10 and 11 points. Stocks at the close ranged from 2 to 6 points.

Outside the markets the most important financial event of the day was the announcement that the Federal Reserve Committee of the House of Representatives recommended cutting the corporation's recommendation from 11% per cent. This recommendation was made because it was called for a reduction slightly less than that advised by Secretary Mellon. The announcement came some time so near the expiration of 12 months that the measure is hardly likely to provoke any controversy with the administration. The measure would have the effect of making them of interest to Wall Street, which they could hardly be called factors in the present. Coolidge's statement of the circulation of petitions requesting him to run for reelection, and the Supreme Court's decision in the *Shelton* case, were of interest in the Kansas City Southern litigation case, postponed indefinitely by the decision of the third valuation committee between the Chicago and St. Louis Commission and the roads. Coolidge's objection to the circulation of petitions for his reelection, and his view of the street, make the likelihood of his running in 1928 less likely than it was last summer, and the Supreme Court's decision in the *Shelton* case, which is probably to be construed as either bullish or bearish on rail stocks. The Government's withdrawal, due to Government withdrawals, and about \$100,000 loans were called. The rate of interest was 10 per cent, but no outside

Among the market leaders today were Montgomery Ward, Sears-Roebuck and J.C. Penney. The two mail order issues are steadily increasing their circle of friends in Wall Street. Ward, which it is hoped, will earn \$10 to \$11 a share this year, is expected to increase its dividends. Mail-order merchandising has been able to increase its profits even during the recent period of declining commodity prices, and now that prices are coming down, the advantages of large-scale distribution should be even more pronounced.

the foreign exchange market sterling yielded a sixteenth. Italian rates went down a bit. Swedish was strong. Pesetas rallied 2 points. Japanese rose 20 points on a large volume of trading, while Chinese rates recovered from Monday's decline.

GEORGE WASHINGTON FAVORED OVER CATHOLIC U.

Hulbert Again Named Head Of A.A.U.

Body Opposes Olympic Plan to Pay Men for Salary Loss.

New Mark Is Denied Hubbard; Relay Records Granted.

By ALAN J. GOULD.

CINCINNATI, Ohio, Nov. 22 (A.P.).—Any proposal to pay athletes for their time lost in Olympic competition is "dangerous" and contrary to all concepts of American sportsmanship and amateurism, the Amateur Athletic Union decided today in going on record as vigorously opposed to the "broken time" provision adopted by the International Football Association in connection with the 1928 olympics.

The "broken time" rule, under which players on soccer football teams entering the next olympics may be reimbursed for the time taken from their work, has received the endorsement of the international olympic committee, but American authorities, through Maj. Gen. Douglas MacArthur, president of the American olympic committee, have served notice they will not accept it.

The Amateur Athletic Union endorsed this protest today. It is the understanding that the United States Football Association also opposes such a ruling and will not accept it as operating in sending an American soccer team to Amsterdam next year.

Besides settling other affairs connected with its part in organizing the American olympic program, the Amateur Athletic Union, in the closing session of its convention today, re-elected Murray Hulbert, of New York, to a fourth term as president, a record for this office, and named New York as the 1928 convention city, over fifteen other places.

Daniel J. Farris, of New York, was elected to succeed Frederick W. Ruben, of New York, as secretary, the latter having resigned after serving thirteen years. Other officers named were: First vice president, Avery Brundage, Chicago; second vice president, Fred L. Hoffman, Cincinnati; third vice president, C. W. Street, Jr., Birmingham, Ala.; fourth vice president, Charles Brennan, Detroit; trustees, Charles A. Dean, Chicago; Robert S. Weaver, Los Angeles, and John T. Taylor, Pittsburgh.

Reconsidering several applications for records, the convention accepted as new American marks the 880-yard and 800-meter relay figures, both 1 minute 23.4-5 seconds, as made by the Southern California Quartet last May, after establishing that they were clocked by fifth-second watches, and not by tenth-second watches, as was first reported.

At the same time, the appeal of Dehart Hubbard, of Cincinnati, began, for recognition of his world's broad jump record of 26 feet 2 1/2 inches, made here last September, was turned down. The meet referee's report that the take-off was one inch higher than the landing pit precluded acceptance of this work for which Hubbard sought recognition to replace his own present world's record of 25 feet 10 1/2 inches.

The fight over award of the Olympic marathon tryout to Boston April 19, instead of to Baltimore, was renewed today, and resulted in a compromise, under which the performances at all established marathons, such as those at Baltimore as well as Detroit, will be considered in making American Olympic selections. The Boston marathon, however, remains officially designated as the Olympic tryout as well as the national championship event.

U. S. Golf Body Assigns 1928 National Title Events

Amateur Tourney Goes to West Newton Sept. 10-15; With Pros to Compete at Chicago; Muny Event at Philadelphia.

By HENRY LITCHFIELD WEST.

THE dates for the next year's national golf competitions were yesterday announced by H. H. Ramsey, secretary of the United States Golf Association, as follows:

Open-championship—Olympia Fields Country Club, Chicago, June 2-28; qualifying rounds, June 11, in various districts.

Public links championship—Cobb's Creek course, Philadelphia, July 31 to August 6.

Amateur championship—Brasserie Hot Springs, Hot Springs, Va., September 24-29.

Women's championship—Virginia Hot Springs, Hot Springs, Va., September 24-29.

Walter International cup matches—Chicago Golf Club, Waukegan, Ill., August 30-31.

This program unquestionably will meet with general approval. All the courses selected are of championship character and present real tests of golf.

The Brass Burn course, where the amateurs will hold their annual contest, is situated near Boston and was the scene of the national open in 1909, when Walter Hagen and M. J. Brady tied for low score, Hagen winning in the play-off.

Brady lost the title by missing a putt on the seventy-second hole because a butterfly perched in hovering around his ball. It was in this tournament, also, that Fred McLeod finished in eighth place, eleven strokes behind the leaders.

The course has been lengthened to considerably over 6,500 yards and its natural hazards are both numerous and difficult. The event undoubtedly will be participated in by the full quota of Washington eligibles, although Roland Mackenzie was the only local player who qualified last summer at Minneapolis.

Olympia Fields, where the national open will be played, is the most comprehensive golf lay-out in the United States. There are four courses and an enormous clubhouse. The course is located about 20 miles from Chicago in the vicinity of Flossmoor and is a favorite with the professional golfers.

For some years there has been talk of carrying the event west of the Rocky Mountains, but the association officials have hitherto felt that the distance would be a serious bar to a large attendance of Eastern golfers. However, this doubt seems to have been overcome, and it is certain that the California golfers will give their Eastern visitors a royal welcome.

The announcement is also made that the annual meeting of the United States Golf Association will be held in New York City on the 7th of next January and that the national amateur championship to be held in 1929 will be played on the Pebble Beach course, Del Monte, Calif. This will be the first time that a national amateur competition will be held on the Pacific Slope.

However, this doubt seems to have been overcome, and it is certain that the California golfers will give their Eastern visitors a royal welcome.

The return of O'Donnell and Hutchinson to the line-up was a pleasant feature. Saunders, however, is not yet back. He was out on the field today, but did not play. In the kicking drill Harry Wilson seemed to have recovered his form as a place-kicking artist in making goals after touchdowns.

Army has been particularly weak in adding the extra point all season. Others who practiced place kicking today were: Cagle, Spague, Meahan and Landon. The latter is the most reliable of the lot. Secret practice will continue until Thursday when the regulars of the corps will be permitted to watch the team go through its final work-out.

Slattery Signs To Oppose Loughran

Bout Dec. 12 to Clear Light Heavyweight Muddle.

N. Y. Commission Says Lomski Will Face Winner in Jan.

Special to The Washington Post.

NEW YORK, Nov. 22.—Jimmy Slattery, the National Boxing Association's light-heavyweight champion, and Tommy Loughran, the New York Boxing Commission's title holder, have signed to meet at Madison Square Garden on December 12 for the world's light-heavyweight crown.

This bout should clear up the muddle which has kept this class in a turmoil ever since Jack Delaney voluntarily relinquished his championship.

Slattery, who is under contract to meet Loughran early in January, Lomski will battle the winner at the Garden on January 6.

McMahon also signed Joe Glick, of Williamsburg, to mingle with Tod Morgan, junior, light-heavyweight champion, in a title bout at the Garden December 6, with Newsboy Brown and Izzy Schwartz battling for the flyweight championship on the same card.

McMahon was given permission by the commission today to advertise the Brown-Schwartz affair as a title bout. Roberto Roberti, the big Italian, who will oppose the veteran Romero Rojas, fight in a title bout at the Garden December 6, with Newsboy Brown and Izzy Schwartz battling for the flyweight championship on the same card.

CARDINAL PLAYERS WHO FACE G. W. TOMORROW

When the Catholic University and George Washington eleven clash tomorrow in their annual game, the three players pictured above will be counted upon heavily by Cardinal rosters. They are Bill Harvey (left), half back, and John Malevich (right), full back, and Paul Linskey (below), center.

Central High Eleven Meets Southern Champions Today

By ARTHUR A. HEYWOOD.

CENTRAL HIGH SCHOOL faces one of its severest tests of this season when it engages the Charlotte (N. C.) Central High School Eleven (Wilson Stadium) today at 2:30 o'clock.

By virtue of its 7-0-6 victory over Atlanta Tech Saturday, Charlotte comes here with the Southern scholastic championship trophy, and away are the Carolina boys are sure to fight hard to keep their record of having been defeated only once in the last two seasons.

The power of the Southern eleven can be better realized when it is known that, in the eight games played this year, the team has been held scoreless, the Charlotte eleven having piled up 158 points to opponents' 19.

Lowell Mason, 150-pound quarter back, is touted as a real field general and the fact that Mason was the only all-Southern player selected from the State gains him wide respect among local followers. He will be opposed by William Simmons, of the Columbia Heights, Eleven in a creditable manner all season.

The Carolina back field has two light half backs in Lane and Lowing, but they are clever, shifty runners, and Landis, a full back, will be playing his fourth unbroken year with the team, hits the line hard.

The Charlotte aggregation of 22 players and coaches arrived last night, accompanied by 200 followers, and were met by a committee from the "C" Club, under whose auspices the game is being staged. A committee headed by Robert Acorn will provide entertainment.

Banner Court Season Planned at St. Alban's

Basketball will start in earnest out at St. Alban's next Monday, when 27 men are expected to answer the call for practice. Capt. Bowles is the only letter man on the squad but such capable players as Sablin, Bland, Williams, Clifford, Owens and Poole will add strength to the team.

Eight games have been scheduled so far with many more in the making. The season will be opened December 9 with Tech High. A banner season is in prospect.

Emerson Cagers Drill; 33 Games Scheduled

Crum's Eleven Has Better Record

Return of Capt. Foley to Bolster C. U.'s Chances.

Cardinals Hold Secret Drills for Tomorrow's Game.

FOR the first time in several years Catholic University will enter the clash with George Washington as the "underdog" in its annual gridiron game at 2:30 o'clock tomorrow at Catholic University Stadium.

Because of the spirited rivalry existing between the two teams, and the interest manifested in their meeting, tomorrow's game looms up as the best attraction of the local football season.

With a record of seven victories in eight games, losing only to the powerful Penn State Eleven, 13 to 0, George Washington will be represented by the best team in its history. The record of the Cardinals is all the more remarkable when it is considered that the plucky George Washington team went through its rigorous schedule with a squad of thirteen or fourteen players, at the most. On three or four occasions, Coach Harry Watson Crum was faced with crises, when injuries reduced his squad to such an extent that the reserve strength was of a minus quality.

With the return of those on the injured list to the squad, the Cardinals will present their full strength against the Catholics. Capt. Allhouse, an end, and Edward Barrows, a substitute half back, are the only players missing from the original squad, which has recently been bolstered by several new candidates.

The Catholic University Eleven also boasts a creditable record for the season, despite defeats by the Quincio Marines, Holy Cross and St. Xavier's. These reverses do not dim in any degree the brilliant manner in which the Brooklenders swept through five successive triumphs early in the year over strong foes.

Capt. Pat Foley, an integral cog in the Catholics' machine, has not played in these games except in half of the Holy Cross fray in which he was injured, and his presence in the line-up is sure to make a difference in the Catholic University team.

However, George Washington, with its fast, rugged forwards, a speedy set of backs, adept in the conference passing game, is favored to overcome the "old jinx," which its rivals seem to hold. No traces of the season's grind were apparent as the Cardinals went through a snappy signal drill yesterday afternoon. The players looked fresh and rested and ready for battle.

George Edgell has been drilling the Catholic University squad behind closed gates during the past two weeks, and has undoubtedly given his players several new plays and formations, which will be employed for the first time against George Washington.

Michigan and Chicago Name Grid Captains

Ann Arbor, Mich., Nov. 22 (A.P.).—George Eber of Lakewood, Ohio, was elected captain of the 1928 University of Michigan Football Team today. Rich, who played full back in a majority of Michigan's football games this season, is a freshman in the university law school, and a member of the Delta Theta Chi Fraternity.

Chicago, Nov. 22 (A.P.).—Saul Weisslow, of Chicago, 19-year-old tackle, today was elected captain of the University of Chicago Football Team. Mr. Weisslow is a junior and played football four years at Englewood High, Chicago.

BOWIE RACE TRACK, NOV. 22.—Poly, the swift-running son of Polyman and Seemly that races for J. P. McGovern, equaled the recently established Bowie 6-furlong record when he was winner of the Bay Ridge Purse this afternoon in 1:11. At the end he was leading Mrs. K. E. Hitt's Whirl I, with Frank Barlow's Gracious Gift, each for rough riding in the fourth race. Workman had the mount on Bye and Bye, while Fisher was in the pilot house on Water Lad.

One of the most delightful days of all the fall, though almost unseasonably warm, attracted a big crowd to the Bowie race track, where the 6-furlong race was down for decision, the Bay Ridge Purse was worthy of the feature position in view of the start field that went to the post.

Little time was lost at the barrier, and Poly, breaking well, was at once taken into the command by Baker. He was good enough to hold his forward position throughout and, showing no signs of weakening in the stretch run, he did in his previous appearance, he was home the winner by a length and a half.

What I do do no excuse, and finishing resolutely she readily disposed of Gracious Gift in the run home. Gracious Gift left the post slowly and was rushed up into the contention, though it was Susser that raced second to the winner through the early stages.

Patricia J. outran early, closed some ground when Barnes attempted to take her through on the inside, but she weakened in the run home, though she was only a neck back of Gracious Gift at the end.

The White Marsh purse for 2-year-olds, over the 7-furlong route, was an excellent trial for the mile and 70 yards of the Endurance Handicap, to be run Saturday. It brought about an excellent contest and saw Admiral Grayson's Knapsack win over Frank Barlow's Leonard B., with H. P. Whitney's Bye and Bye saving third from Mrs. W. L. Brodie's Well.

Leonard B. was particularly alert at the post and he was first away, but he did not hold the lead long when Weiner rushed Knapsack through on the inside and, once he had gone into that position, he was rated along in that position all the way, to be winner by a length.

Bye and Bye was the one to chase after the winner, but Leonard B. soon found his way to a place on the outside of the Whitney colt. He was held there all through the running and for an instant in the stretch, after he had disposed of Bye and Bye, he looked a winner, but Knapsack hung on gamely and was holding him perfectly safe at the end. Well was always well up when the running and he was a good second when he was a strong good fourth.

Fire Fairy, racing for W. J. Owens, made a show of the opposition that she encountered in the 6 1/2-furlong dash that opened the afternoon's activities, and she was a sadly neglected factor in the wagering, being a rank outsider.

Taking the lead at the start, she opened up an apparently safe advantage after the first 3 furlongs, and on no stage of the trip did she have the slightest result in doubt. Cruelly, at even longer odds, raced to the place, getting a nose decision over Aster, who finished before Boot Top, with the others strung out.

P. P. Joyce supplied the winner of the second number, which was framed exclusively for maidens of all ages to test their merits over the mile and 70 yards route, when J. B. Bodie saddled the diminutive filly, Frances J., for the Pennsylvania senator, and the daughter of Chicle-Penrose, under a severe drive, was able to reach the end of the long journey just a length and one-quarter to the good of Honest John, while third part of the money went to Crumpler. Frances, came in for strong support during the last stages of the betting and she was the one that carried the most support of the event.

W. T. Anderson's Carlisle, the winter sensation of a few years ago, gave a creditable account of his ability in the running of the Annapolis Handicap, the mile and seventy yards test that was fifth on the program and for which a well matched field accepted the issue.

The winner came in for such extensive support that he was quoted an odds-on choice and he was up to his position in the wagering by annexing the major prize of the purse by scoring in a drive to have three parts of a length advantage over Light View from the Ascot Stable.

A. C. Bostwick's Marche Militaire saved the short end of the purse by a good margin over P. P. Robies' Leger. Carlisle, in his last public appearance at this oval, suffered from interference and he finished third to such good ones as Auella and Canter. In his effort this afternoon, the Anderson color bearer avoided any such happenings with the result that he turned in a much better effort to race to within two-fifths of a second of the track mark of 1:43.

Eleven route performers of the claiming division of the better grade answered the call for the mile and one-sixteenth, sixth and seventh event, for which all of the starters came in for good support. The winner turned up in R. Pender's Knocknagilly, which, incidentally, made the victory his second of the meeting. Knocknagilly's score came about in a thrilling finish and it was necessary that the official place and certain the winner. Bucky Harris was the one that offered the winner the strongest sort of argument and it was only a nose that kept him from scoring.

Five lengths back of the pair came Aster and her margin was like that of the winner before Dimple Dunkle and the others well aligned at the end, with the exception of Golden Hawk.

King O'Neill II showed a fine burst of speed in the stretch to win the seventh race from Long Point and Hot Polloi. Entering the stretch, Jockey Abel, on the winner, swerved his mount to the rail, bumping slightly into Hot Polloi. A rail was claimed but was disallowed by the judges. King O'Neill II paid his backers \$10.90 and \$5.20 and \$3.60 for place and show, respectively.

Two-dollar mutuels paid—KING O'NEILL II, \$10.90; LONG POINT, \$5.20; HOT POLLOI, \$3.60. R. Pender's Knocknagilly, which, incidentally, made the victory his second of the meeting, Knocknagilly's score came about in a thrilling finish and it was necessary that the official place and certain the winner. Reconsidering several applications for records, the convention accepted as new American marks the 880-yard and 800-meter relay figures, both 1 minute 35.4-5 seconds, as made by the Southern California Quartet last May, after establishing that they were clocked by fifth-second watches, and not by tenth-second watches, as was first reported.

At the same time, the appeal of Dehart Hubbard, of Cincinnati, negro star, for recognition of his world's broad jump record of 26 feet 2 1/2 inches, made here last September, was turned down. The meet referee's report that the take-off was one inch higher than the landing pit precluded acceptance of this work, for which Hubbard sought recognition to replace his own present world's record of 25 feet 10 1/2 inches.

The fight over award of the Olympic marathon tryout to Boston April 19, instead of to Baltimore, was renewed today, and resulted in a compromise, under which the performances at all established marathons, such as those at Baltimore as well as Detroit, will be considered in making American Olympic selections. The Boston marathon, however, remains officially designated as the Olympic tryout as well as the national championship event.

ANNAPOLIS, Md., Nov. 22.—Navy football coaches inaugurated secret practice sessions for their pupils today in the final round-up for the game with their traditional service rivals, the West Point Cadets, to be staged on the New York Polo Grounds Saturday. It marked only the second time for secret drills this season, the first being a day or two preceding the Notre Dame engagement in Baltimore.

The fact is that the Ingram coaching regime takes very little stock in such proceedings, but as the big game is only a few days in the offing, and with the desire to point the graders in some special plays and formations, decision was made to go into seclusion.

As a result a cordon of station guards kept all civilians far from the precincts of Farragut Field. None but those connected with the squad or naval officers and midshipmen were allowed in the stands.

Contrary to expectations, however, the team was not put through a regular scrimmage. Instead, members of the coaching staff took the players off in groups and gave them instruction in certain details, stress being placed on the work of the ends and secondary defense, against West Point formations, particularly as regards the off-tackle lobs and end sweeps of Light Horse Harry Wilson, captain of the Cadets, and Cagle, his running mate at half back. The linemen also were given some bolstering pointers against the bucking of Murrell, big Army full back. Further polishing up the forward and lateral passing attack, and punting and handling kicks also was included in lengthy drills, as the squad has been excused from academic routine, and the players are enabled to engage in long workouts, getting on the field around 3:45 and remaining until after dark, and work under lights.

Commander Jonas P. Ingram, director of athletics, tonight authorized the announcement that the Middles would start the game against the Cadets with the same line-up as faced Loyola here last Saturday.

Onslow, Once Nat, Sold to Birmingham

Rochester, N. Y., Nov. 22 (A.P.).—Manager John H. Ganzel, of the Rochester Baseball Club, today announced the sale of Eddie Onslow, veteran first baseman in the International League, to Birmingham, Southern Association.

Onslow has been with the Rochester Club since the late 1924 season and first played in the league with Providence in 1913. He played with Toronto several seasons before coming to Rochester. This season he played with the Washington Senators while First Baseman Joe Judge was out with injuries.

13 Games Scheduled By Gonzaga Courtmen

Thirteen games have been arranged so far by the Gonzaga basketball manager with several more pending. The team will not begin practice until after the big Devitt-Gonzaga football game on December 3. Outside of Al Farrell and Danny Pys, the Eye Streeters have no left-overs from last year.

The following is the schedule at this writing:

December 22—Eastern at Eastern.
January 15—Hyattsville at Hyattsville; 16—Leonard Hall, home; 20—Emerson, home; 23—Calvert Hall, home; 24—Hyattsville, High, home; 27—Alexandria High at Alexandria.
February 4—Navy Plebes at Annapolis; 7—Eastern, home; 11—Calvert Hall at Baltimore; 12—Leonard Hall at Leonardtown; 18—Alexandria High, home; 23—Emerson at American University.

WEST POINT, N. Y., Nov. 22.—With the Navy game but four days away, the Army coaches did the unusual today when they put their players through a 30-minute scrimmage. The rough period was divided equally by defense against passes and the polishing up of Army's offensive.

As numerous substitutes are expected to work against Navy Saturday, the second team came in for as much work as the regulars and frequent changes were made in the variety line-up to accustom the substitutes to playing with the first string.

The return of O'Donnell and Hutchinson in the line-up was a pleasing feature. Saunders, however, is not yet back. He was out on the field today, but did not play. In the kicking drill Harry Wilson seemed to have recovered his form as a place-kicking artist in making goals after touchdowns.

Army has been particularly weak in adding the extra point all season. Others who practiced place kicking today were Hutchinson, Cagle, Spague, Meehan and Landon. The latter is the most reliable of the lot. Secret practice will continue until Thursday when the cadets of the corps will probably be permitted to watch the team go through its final work-out.

Buckley Discovers Who Called His Bum a Bum, Pegler Reveals

By WESTBROOK PEGLER.

NEW YORK, Nov. 22.—This story begins at a ringside in Detroit with a large gentleman, a noted worker for finer things in the prize fight profession, chafing the ribs of a small gentleman with the point of a knife blade.

The story proceeds to an anteroom in the New Garden, where the small gentleman, weight 112 pounds at a lavish guess, tagged the large gentleman with a left swing to the mustache and moved him around the room in a most humiliating manner.

To make no mystery of the matter, the large gentleman is Mr. John Buckley, manager of Mr. Tumbledown Jack Sharkey, and the half-pint of the second part is Mr. Jack Farrell, of New York, a journalist specializing in such cultural matters as may be observed at the better ringsides.

Up to the time of the incident in the anteroom at the New Garden, both Mr. Buckley and his great galloper were inclined to be mouthy and aggressive, but Mr. Buckley's manner has now undergone some modifications in the direction of modest restraint and it would not be surprising to hear that Mr. Sharkey himself has been advised to consider the example of his manager.

At the ringside in Detroit a few weeks ago Mr. Farrell had the bad manners to indulge his face in a yawn during a contest between two undistinguished gladiators.

"Who," Mr. Farrell inquired of the journalist sitting next to him, "are these bums?"

"And who," demanded Mr. Buckley, from his position over the water bucket in the adjacent corner, "is calling my man-eater a bum?"

"Well, who," Mr. Farrell temporized in paraphrase of the popular anecdote about the flute player, "called that bum a man-eater?"

Well, when the contest, as it was called, had finished and Mr. Farrell was

ston. Johnny Niemic was the only member of the seconds who was not in the fray and he was reported as "still resting."

Retention of Tad Jones Urged by Yale Club

New York, Nov. 22 (A.P.).—The executive committee of the Yale Club, of Montclair, N. J., went on record today as strongly in favor of retention of "Tad" Jones as coach of football at Yale and proposed to launch a nationwide movement among Yale graduates to attain that end.

Copies of the resolution were ordered sent to all members of all Yale Alumni Associations, with a request for an expression of their members' attitude on the question.

The resolution urged that every effort be made to induce Jones to reconsider his resignation at the end that Yale may look forward to his leadership for at least another three years.

Basketball Loop Lists Final Confab Tonight

Washington Amateur Basketball League teams will hold a meeting tonight at the Y. M. C. A. Building at 8 o'clock.

The importance of this meeting is stressed as it will be the final one before the league opens on November 28. Teams are earnestly requested to have representatives present.

agitating the tiddledewinks of his keyboard, producing a few words to the effect that a couple of bums stumbled to a bad draw. Mr. Farrell felt something sharp against his left ribs. It was no mere prickling of his new winter underwear.

"I looked down," Mr. Farrell tells me, "and saw his knife. Then I looked up and saw that the man with the knife was Mr. Buckley. I was shocked, in a way, because it simply meant that the lower classes were getting out of hand. However, I concealed my feelings.

"Why, Mr. Buckley," I said, "you shouldn't go around razoring your old pals and well-wishers in this manner. I don't care about myself, but it would work great harm to your social position if it should become known that you stooped to razor a boxing writer and, moreover, it would draw reflections on the great sport that we both hold dear.

"Well, Mr. Buckley put away his saber and left the ringside, but as I was leaving the arena he pointed me out to a pair of exceedingly coarse characters with cape yanked down over their eyes. I don't think he was pointing me out as an old pal, because the coarse characters started to follow me out and Mr. Buckley disappeared."

But Mr. Farrell was able to reach his hotel and reinforcements unmolested and to carry his indignation back to New York.

So it was that one pleasant afternoon last week Mr. Buckley sauntered into the new Garden to see if anything wasn't nailed down, and so it was that the relentless runt of the ringside, Mr. Farrell, stepped up to him in the presence of a distinguished gathering to wave his right hand under Mr. Buckley's nose.

Southern Champions Today

By ARTHUR A. REYWOOD.

CENTRAL HIGH SCHOOL faces one of its severest tests of this season when it engages the Charlotte (N. C.) Central High School Eleven in Wilson Stadium today at 2:30 o'clock.

By virtue of its 7-to-6 victory over Atlanta Tech yesterday, Central comes here with the Southern scholastic championship tucked away and the Charlotte boys are sure to fight hard to keep their title.

The power of the Southern eleven can be better realized when it is known that in the eight games played this year, six of their opponents have been held scoreless. The Charlotte eleven having piled up 126 points to opponents' 18.

Local Means, 100-pound quarter back, is touted as a real find general and the fact that Means was the only all-Southern player selected from the state gains him wide respect among local followers. He will be opposed by William Simmons, of the local Central team, who has been playing the Columbia Heights Eleven in a creditable manner all season.

The Charlotte back field has two tight half backs in Loney and Lowing, but they are clever, shifty runners, and Landon, 160-pound full back, playing his fourth unbroken year with the team, hits the line hard.

The Charlotte aggregation of 22 players and coaches arrived last night, accompanied by 250 followers, and were met by a committee from the "C" Club, under whose auspices the game is being staged. A committee headed by Robert Acorn will provide entertainment.

Banner Court Season Planned at St. Alban's

Basketball will start in earnest out at St. Alban's next Monday, when 27 men are expected to answer the call for practice. Capt. Bowles is the only letter man on the squad but such capable players as Sabin, Bland, Williams, Clifford, Owens and Poole will add strength to the team.

Eight games have been scheduled so far with many more in the making. The season will be opened December 9 with Tech High. A banner season is in prospect.

Emerson Cagers Drill; 33 Games Scheduled

A large squad of Emerson basketball candidates have been drilling daily at the American University gymnasium in preparation for a busy season. Among the squad are Fowler, Casassa, Buscher, Burns, Clifford, Meade, Erick, Davidson, Price, Gordon, Trew, Asserson, Jenkins and Delaney.

One of the heaviest schedules ever compiled for an Emerson team has been made and it includes 33 games. The complete list is as follows:

December 5—Tech; 7—Business; 9—Central; 15—Old Dominion Boat Club; 20—Central; 22—Tech.
January 9—St. John's; 11—Charlotte Hall; 11—Eastern; 18—Georgetown Prep; 14—Alexandria High; 16—Devitt; 18—Emory; 20—Gonzaga; 21—Tech; 22—Woodward School; 30—St. Alban's; 31—St. Augustine's; 1—Mary Academy.
February 1—Augusta; 2—Massachusetts; 3—Fishburne; 4—Woodberry; 5—Maryland Frodo; 6—Hyattsville; 9—Devitt; 10—Charlotte Hall; 13—St. Alban's; 16—St. George's; 21—Georgetown Prep; 22—Gonzaga; 24—Hyattsville; 27—Woodward School; 29—Warrenton; A. C.

Everything, new and old, in the way of plays, was gone over and the practice wound up with the Freshmen using Hopkins' plays, scrimmaging against the Varsity.

Maryland showed snap and fair smoothness in its drill and is hopeful of having a good day at Hopkins' expense, although the latter has a more experienced team, one that is rated as the best in the Baltimore area.

More than probably will take the field on Sunday, October 28, will be the teams of the Eastern Shore, including the "Varsity" and "Freshmen" of the Eastern Shore, including the "Varsity" and "Freshmen" of the Eastern Shore, including the "Varsity" and "Freshmen" of the Eastern Shore.

C. U. G. W. Freshman Teams Play Tomorrow

The College Union of the Washington University Freshmen will play the Washington University Freshmen tomorrow at 2:30 o'clock. The game will be played at the Washington University Gymnasium. The Washington University Freshmen will play the Washington University Freshmen tomorrow at 2:30 o'clock. The game will be played at the Washington University Gymnasium.

However, George Washington, with its fast, rugged forwards, a speedy set of backs, adept in the modern passing game, is favored to overcome the "Hijinks," which its rivals seem to hold. No traces of the season's grime were apparent as the Colonials went through a snappy signal drill yesterday afternoon. The players looked fresh and cool and ready for battle.

Couch McCallister has been drilling the Catholic University Squad behind closed gates during the past two weeks, and has undoubtedly given his players several new plays and formations, which will be employed for the first time against George Washington.

PRICES OF BONDS SHOW
FEW IRREGULARITIESEasy Money Prevents Serious
Reaction: Peruvian Loans
at New High.

FEW INDUSTRIALS STRONG

New York, Nov. 22 (A.P.)—Bond prices displayed further irregularity today, but current easy money conditions militated against any material reaction. The soundness of the market again was exemplified by prompt oversubscription, reported by the offering syndicate, of the \$75,000,000 Youngstown Steel & Tube 5 per cent issue.

Activity of Peruvian bonds was the feature of the day's trading, the 7 and 7 1/2 per cent issues selling at new highs of 102 1/2 and 107, respectively. Strength of these securities was associated with reports that \$10,000,000 to \$20,000,000 of an authorized issue of \$75,000,000 Peruvian bonds will be offered within a short time. Other foreign obligations were quiet and mixed in tone.

Traders in the railway division were disposed to seek out hitherto inactive mortgages which might be out of line with the leaders. International Great Northern & Canadian Pacific 4 1/2 per cent bonds were heavily bought. Such outstanding bonds as Rock Island 4 1/2 per cent and Erie 4 1/2 per cent were subject to moderate profit-taking.

Several industrials attracted attention, notably Andes Copper Mining 7 1/2, which reached new high ground in response to recent stiffening of copper prices. Barnard 4 1/2, Dodge 6 and Julius & Kayser 5 1/2 were strong and active.

BROOKLYN UNION GAS 5 1/2

reflected the strength of the stock into which they are convertible by jumping 4 1/2 points to 23 1/2, the year's peak. Profit-taking later, however, clipped away two-thirds of the gain. Other utilities were dull. Federal Reserve issues sustained the sharpest reaction in two weeks or more, but sales were not numerous. Liberty 3 1/2 were firm.

CHICAGO GRAIN—

Chicago, Nov. 22 (A.P.)—Big export business from Canada, together with European buying in the United States, led to the highest wheat prices in a sudden shift to wheat values today. Anxiety over asserted unfavorable crop condition in Argentina contributed to the advance.

Wheat closed strong, 2 to 2 1/2 cents higher. Corn 1/2 to 1 1/2 cents, and soybeans 1/2 to 1 1/2 cents, and provisions 1/2 to 1 1/2 cents. With late cables telling of general rains falling in Argentina, whereas fine dry weather required indications that the Canadian growers' pool had brought about export sales of large quantities of wheat were as high as 100,000 bushels a day.

The advance was in line with a sharp rise in the price of wheat in the face of announcement that the world's available stock of wheat had increased to 1,100,000,000 bushels for the week.

Corn and oats moved up with wheat. Eastern cash demand for corn was fairly good and the outlook was for rain and snow over a wide area of the corn belt, conditions favorable to buying.

There was talk of export business in Canadian oats.

Provisions, although tending upward, were somewhat responsive to lower quotations on hogs.

ALL CHAIN BRIDGE BIDS TURNED DOWN BY DISTRICT HEADS

Replacement of Faulty Abutment Now Will Wait on Congressional Appropriation.

WORK IS NOT EXPECTED TO START TILL SPRING

Commissioners Also Reject a Private Proposal to Erect Toll Span.

All bids for repair of Chain Bridge were rejected by the Commissioners yesterday, who disapproved a plan submitted several weeks ago for erection of a toll bridge by private interests.

Replacement of the faulty abutment at the Virginia end of the bridge now waits upon appropriation of funds by Congress. The work probably will not be started until spring. The reason assigned for rejection of the bids was that the lowest was \$26,120, whereas there remains unexpended in the bridge repair fund only \$20,455, of which \$10,000 would have to be spent for a new floor if the bridge was to be reopened to traffic.

It is said, however, that there were other considerations also having to do with proposed methods of doing the work and their safety. The Commissioners have asked Congress, through the Bureau of the Budget, for an appropriation of \$40,000 with the suggestion that they be authorized to have the engineers of the municipality do the work with day labor.

Referred to Congress.

The proposal to replace Chain Bridge with an ornamental structure, privately financed, with toll to be collected from those using the bridge, was advanced by Stephen T. De La Mater, a local engineer. The Commissioners replied to him by letter as follows:

"A proposition of this nature would require congressional action, and the Commissioners do not feel inclined to take it up without instructions from Congress. If your principals desire to have such a proposition considered, it is suggested that you take it up with the appropriate congressional committee."

"The District Commissioners have under consideration a plan for making such repairs to the existing structure as will permit it to be reopened to traffic, and are of the opinion that this plan, if put into effect, will meet the needs of the locality for the immediate future."

The Commissioners awarded to the Emery Cattle Co. a contract for purchase of grease for the next six months from the municipal garbage reduction plant at Cherry Hill, Va. The company's bid was \$6.175 per hundred pounds. The price was \$5.385.

Motorcycle Patrolman Archie A. McCall, of the Fourteenth Precinct, was ordered dismissed, having been found guilty by the trial board of desertion.

Dry League to Make Plans for Campaign

Plans for the presidential campaign of 1928 and the election of its own national officers, including a successor to the late Wayne B. Wheeler, will be discussed at the biennial convention of the Antislavery League, which will open in this city December 4. The executive committee will meet the day previous to draft resolutions and make nominations and the national board of directors will open their sessions December 6 in the Mayflower Hotel.

The practical problems of enforcement will be discussed at the convention by Seymour Lowman, Assistant Secretary of the Treasury; Rear Admiral F. C. Billard, of the Coast Guard; Prohibition Commissioner J. M. Moran, Mrs. Mabel Walker Willebrandt, Assistant Attorney General, and former Prohibition Commissioner Roy A. Haynes. A mass meeting is scheduled for the opening of the convention at which William E. ("Pussyfoot") Johnson, Dr. George W. Morrow, Alban W. Barkley, of Kentucky, and Senator Frank B. Willis, of Ohio, will speak.

Jury Awards \$5,000 For Death of Boy

Mrs. Gertrude R. Sures, 4610 Iowa avenue northwest, mother of Martin Sures, aged 7, and administratrix of his estate, was awarded \$5,000 damages for his death yesterday by a jury in Circuit Court against Charles S. Newlin, Shipping Board official, of 58 Bryant street northwest.

The boy was the first person to die in 1926 as the result of an automobile fatality. He was struck by Newlin's automobile, it was alleged, January 3, 1926, on Buchanan street northwest, near Thirtieth street and Arkansas avenue. Attorneys Newmyer & King appeared for Mrs. Sures.

Yale Club Gives Cup To Gen. Preston Brown

Maj. Gen. Preston Brown, First Corps Area commander, Boston, has been notified by the Yale Club at Montclair, N. J., that he has been selected as recipient this year of a cup awarded annually to the alumnus considered to have rendered the most distinguished service during the preceding year. Maj. Gen. Brown directed army food relief in New England.

Last year the cup was awarded to Brig. Gen. W. W. Atterbury, president of the Pennsylvania Railroad. The presentation will take place at Montclair, December 3.

POWER DEVELOPMENT OF POTOMAC DEBATED

Grant Says District Would Gain Little and Lose Much by Use of Great Falls.

KELLER URGES PROJECT

The proposal to harness the Great Falls of the Potomac River and produce electric power for the District was debated for more than two hours last night in Pierce Hall, Fifteenth and Harvard streets northwest. Lieut. Col. U. S. Grant 3d, secretary of the National Capital Park and Planning Commission, spoke in opposition to the development, and Col. Charles Keller, engineer of the Potomac River Development Corporation, in its favor.

The occasion was a joint meeting of the Mount Pleasant and Kalorama Citizens Associations, and more than 300 persons attended. Among the listeners were District Commissioner Proctor L. Dougherty, prominent persons in local citizens' associations and engineers.

Both speakers relied upon the often-repeated arguments of the side they upheld, and they were aided by maps and scenes of the proposed development site.

Paying particular stress to the economic side of the question and citing the benefits the District would derive from the development, Col. Keller first addressed the meeting. He also declared that with the formation of artificial lakes and the building of dams at various points above the falls, the scenic beauty, which opponents of the project are determined to maintain, would be little impaired.

Col. Grant dwelt upon the proposed development of the national park at the gorge of the river and declared that if the power project was permitted the Capital would be robbed of one of its greatest assets of scenic beauty. He declared the planning commission had gone into every detail of the development and opposed it from the standpoint that the District would be little benefited economically by the project's development and would be the loser of a vast stretch of imposing natural beauty.

Judson C. Welliver, local newspaper man, was the third speaker. He spoke in favor of the development by the Federal Government. He said that while the opposing nature lovers stressed the scenic beauty argument, few of them took advantage of visiting the falls.

Henry C. Morris, of the Kalorama Association, presided.

SUMMERALL PRAISES LOYALTY TO RESERVE

Is Essence of Leadership, He Tells Officers' Association at Meeting.

Loyalty is the essence of leadership, Maj. Gen. Charles F. Summerall, chief of staff of the Army, impressed upon more than 400 members of the Reserve Officers' Association at their monthly meeting in the Interior Department Auditorium last night.

Loyalty must work downward as well as upward, he said, and no leader should expect loyalty from his subordinates unless he is strictly loyal to them. A leader should not impose tasks on his men which he has not the willingness and courage to perform himself, the Army chief declared.

The meeting was one of the most successful ever held by the association, and Gen. Summerall's address was enthusiastically received. The address was interspersed with illustrative occurrences of genuine leadership that came to the personal attention of Gen. Summerall during the war.

RECTOR TO CONTINUE AT MARYLAND CHURCH

Bishop Freeman to Take No Action Against Valley Lee Pastor.

The Rev. C. W. Whitmore, who resigned six weeks ago as rector of St. Andrew's Episcopal Church, one of the small chapels under his jurisdiction in St. Marys County, Md., will continue as rector of St. George's Church at Valley Lee, the principal parish in the county, it was announced last night by Bishop James E. Freeman.

Dr. Whitmore is said to have resigned as the result of a controversy between him and members of the St. Andrew's congregation over the Sacco-Vanzetti case. Dr. Whitmore wrote numerous letters to the Leonardtown Beacon denouncing the electrocution of the two men, and it is said some of his parishioners took offense at his views.

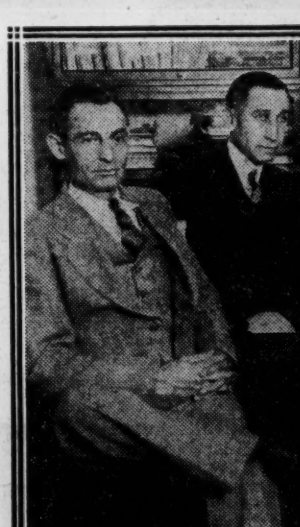

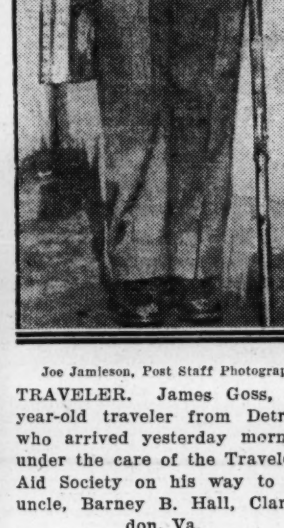

Bishop Freeman said last night that he would do "nothing at all" in regard to statements attributed to Dr. Whitmore criticizing prohibition, President Coolidge and other ministers.

BRIDE RULING SOUGHT ON TWELVE-HOUR DAY

Ladue Wants to Know if Contractor's Action Is Violation of Law.

The District Commissioners yesterday referred to Corporation Counsel W. B. Ladue a complaint recently made by the Steam and Operating Engineers Union that McGuire & Rolfe, paving contractors, doing work for the municipality, work their engineers twelve hours a day, in violation of the Federal eight-hour law.

received, an investigation was made by Edward S. Dawson, investigator of claims for the District, who reported that McGuire & Rolfe admitted working their steam engineers twelve hours a day, but said that only eight of those hours were put in on District work, hence it was not in violation of the eight-hour law. They added, however, that the other four hours were spent by the engineers keeping the plant going so that asphalt would be ready to deliver to the District on other days.

On motion of Col. William B. Ladue, Engineer Commission, presented in his absence, it was decided to ask McGuire & Rolfe for a written opinion as to whether the facts, as admitted, constitute a violation of the law and, if so, what the Commissioners should do about it.

\$32,163 CONTRIBUTED IN Y.M.C.A. CAMPAIGN

1,080 Respond to the Appeal; Final Day's Canvass. Totals \$5,039.

Assured of funds necessary to balance the budget for its present fiscal year, the Young Men's Christian Association yesterday announced the close of its financial canvass, which to date has secured \$32,163 in contributions.

Additional subscribers, however, will be given an opportunity to contribute later, and it is believed by officers that the additional donations will bring the total well over the \$37,000 needed for operating expenses and leave a surplus toward the \$8,000 sought for improvements in the physical department.

The total reported for the final day's canvass at the campaign luncheon at the City Club yesterday, was \$5,039. During the campaign 1,080 contributions were made in response to the personal solicitation of members of the twelve teams of business and professional men engaged in the canvass.

\$25,000 Damages Asked for Arrest. Robert R. Meeker, 314 Seaton place northeast filed suit yesterday in Circuit Court against Meyer Herson, 62 H street northeast, to recover \$25,000 damages for alleged false arrest. Through Attorneys Lane and Leeman, Meeker says that on June 11 the defendant unjustly caused his arrest.

Coolidge Interested In Traction Merger

President Coolidge reiterated yesterday that he would like to see a merger of Washington's traction companies if it can be done in a manner satisfactory both to the public and the traction companies. The merger movement has recently been brought to his attention by both William G. McAdoo and Harley P. Wilson, spokesmen for the Northern American Co. of New York, the President made known, but he is not acquainted with the details of the merger plan.

He is interested, however, and will be glad to lend any encouragement to the movement that he can.

SHOOTING REUNITES WIFE AND HER YOUNG HUSBAND

Mrs. Ricketts, 20, Sobs at Hospital on Seeing Youth Who Shot Self.

CONDITION HELD CRITICAL

Reconciliation of the differences which led Joseph Ricketts, 23 years old, of Rockville, to attempt to take his own life was effected yesterday between Ricketts and his 20-year-old wife at the Frederick City Hospital, where the young husband lies critically wounded. While surgeons exerted all the skill at their command to save the life of the young husband, the wife, Mrs. Cecilia Ricketts, went to the hospital and, standing beside the bed on which he lay, sobbingly asked the youth why he had shot himself. Weak from pain and loss of blood, the young man could only murmur incoherently that he was sorry.

With touching affection the young wife tried to soothe her husband, and under her ministrations he seemed to take a brighter outlook than he had since he was taken to the hospital Monday morning. Mrs. Ricketts told her husband she would forgive him all the difficulties through which they had passed in their two years of married life and that they would start life anew when he was better.

It had been largely because of the fact that the young man was out of work and their finances were low that Mrs. Ricketts took their infant boy and went to the home of her parents, Mr. and Mrs. E. J. Ricketts.

After the wife had left the hospital surgeons attending Ricketts said her visit had had a beneficial effect on their patient, and while they admitted his condition is critical, they were hopeful that they could pull him through.

Earlier in the day Ricketts' father and mother, Mr. and Mrs. Lawrence Ricketts, of Rockville, visited their son.

AUTOISTS WARNED OF PERIL FROM GAS

Health Department Advises of Danger From Fumes of Carbon Monoxide.

Motorists are warned in a pamphlet distributed yesterday by the District Health Department to beware, now that winter has arrived, of unventilated garages for fear of the deadly carbon monoxide gas given off in gasoline combustion.

The pamphlet advises owners of cars to operate their engines for warming up or adjustment and repair in the outdoors when possible, and when it must be done within a garage to open all doors and windows. The pamphlet says:

"Fumes from the exhaust of an automobile or other gasoline engine are poisonous and have often caused death. The danger is due to carbon monoxide, a colorless, odless gas contained in the fumes. The degree of combustion in the engine has an influence on the amount of carbon monoxide discharged, but even under the best conditions the amount liberated poisons the air to a dangerous degree unless there is abundant ventilation."

CHURCH LOSES \$2,000 WINDOWS TO THIEVES

33 Are Stored in St. Thomas' Basement, but Check-Up Reveals Only 18.

Stained glass church windows valued at \$2,000 have been stolen from the basement of St. Thomas' Episcopal Church, Eighteenth and Church streets northwest, during the last few months, the Rev. C. Ernest Smith, rector, reported to police yesterday.

Dr. Smith told police 33 windows which had been removed from the church during the past 25 years were stored in the basement. The janitor who had been removed from the church during the past few months discovered only eighteen windows. Police are at a loss to understand how the thief may have with the windows without being discovered. Most of them are from 4 to 12 feet long and 2 feet wide.

Wife Gets Annulment. Mrs. Lillian G. Frye, 1002 East Capitol street, was awarded a final decree yesterday by Justice Holtz in Equity Court annulling her marriage of March 21, 1925, at Alexandria, Va., to Herbert Frye. According to the bill filed for Mrs. Frye by Attorney Henry M. Fowler, Frye had been divorced by his first wife and could not lawfully remarry.

RED CROSS APPEALS FOR \$25,000 TO AID TORNADO SUFFERERS

Emergency Fund, With the Amount of \$101 Contributed, Found Insufficient.

COMMITTEE APPOINTED TO ALLOCATE AWARDS

25 Families Given Emergency Help; Tradesmen Are Warned of Fraud.

AN APPEAL FOR \$25,000

The District of Columbia Chapter of the American Red Cross yesterday issued an emergency call for \$25,000 for reconstruction work in Washington's areas struck by a tornado last Thursday.

The Post joins in this appeal and will receive contributions which will be acknowledged and turned over to the Red Cross for distribution to the needy through the local chapter working in conjunction with a citizens' advisory committee.

Contributions sent to The Post should be addressed to the Tornado Relief Fund, care of The Post.

A public appeal for a fund of \$25,000 to aid local tornado sufferers was made yesterday by the District of Columbia Chapter of the American Red Cross.

Maj. Gen. George Barnett, chairman of the local chapter, at first believed his organization could adequately care for the storm victims with the chapter's emergency fund, together with volunteer contributions. However, the public's total volunteer contribution was \$101 and Gen. Barnett found it imperative to issue the appeal for \$25,000.

Maj. Gen. Barnett yesterday appointed a Red Cross advisory committee to act in conjunction with the District chapter in making the awards.

This committee consists of Mrs. Howard E. Wilson, president of the Hines Junior High School Parent-Teacher Association; Joseph Gannell, president of the Lincoln Park Citizens Association; David Babp, chairman of the committee appointed by the District Federation of Citizens' Associations to cooperate with the Red Cross; A. G. Herman, president of the Southeast Citizens Association; Warren E. Spencer and Victor Debyer, members of the executive committee of the District of Columbia Red Cross Chapter.

At a meeting last night, in the Hines Junior High School, of local chapter officials and members of the Red Cross advisory committee, more than a score of awards were approved. The officials will meet again today with the advisory committee for approval of additional awards. Approval was made also of emergency funds already expended by Red Cross workers.

Approve Fund Appeal.

Local and national officers of the Red Cross conferred yesterday on the proposed reconstruction program and it was decided that if the Red Cross is going to answer the pressing financial needs of some of the storm victims, it would be necessary to ask the public to contribute to a fund for this purpose.

Red Cross workers, with headquarters in the Hines Junior High School, yesterday continued their investigation of families reporting needs. While these reports are being made, the Red Cross officials said the immediate needs of those in distress were being cared for. The organization has given emergency assistance to 25.

Washington merchants have been advised to beware of persons trying to make purchases and charging them to the Red Cross who have not been authorized to do so by the organization. This practice has followed in the wake of many all disasters and the Red Cross officials do not believe Washington's tornado disaster is any exception.

Gen. Barnett said he did not believe the citizenry of Washington would turn a deaf ear to the local chapter's appeal for immediate assistance. Gen. Barnett cited the La Plata and Mississippi flood disasters as a criterion for his statement that Washington will surely "come through."

Boy Crushed Under Truck in Collision

DeWitt Hammond, 16 years old, 1204 Kenyon street northwest, was injured yesterday afternoon when a truck on which he was riding was overturned in a collision with a car driven by Edward A. Wright, 47 years old, 433 Eighth street southwest.

The boy was pinned beneath the truck. When the crowd, which quickly gathered, had righted the truck the boy was placed in it and taken to the hospital. He was found to have sustained a fractured pelvis and cuts on the head. Wright was held at the Station Precinct on a charge of reckless driving. Frances M. Wagon, 1118 Twenty-fifth street northwest, was driver of the truck.

Shipping Board Again Delays Sale of Lines

The Shipping Board again yesterday split on the question of how long buyers of its three Pacific shipping lines should be required to operate, with the result that decision on advertising for sale of the lines was again postponed. The board decided to hold a special meeting, possibly later this week, to continue discussion of the sale.

It is hoped by the members that at that meeting a compromise between those advocating a five-year operation guarantee and those seeking a ten-year operation guarantee can be reached.

Husband and Wife Ask Damages. Harry Cohn, 1325 Spring road northwest, was sued yesterday in Circuit Court for a total of \$12,000 damages by Jacob Lipkin and his wife, Mrs. Lena Lipkin, 1722 North Capitol street, for alleged personal injuries. Through Attorneys Stearnman & Stearnman, the plaintiffs complain of a collision between their automobile and Cohn's automobile at Thirtieth and Shepherd streets northwest on September 12.
